**No Buyer's Premium!**

- R. 1. **Harrington & Richardson Model 903.** Serial # AX097118. .22 LR caliber double action revolver with a 6” slab sided ribbed barrel. The bore is excellent, clean with strong rifling. Made in 1981. 9 shot swing-out cylinder. The blued metal finish on the barrel is in excellent condition showing little wear with some fine scratches. The blued finish on the fluted cylinder is in excellent condition showing little wear with virtually no drag line. The blued metal finish on the frame is in excellent condition showing little wear with just a hint of some very light isolated edge wear. The smooth walnut grips are in excellent condition showing little to no sign of use. Adjustable rear sight. The action works fine. Includes a soft case. Made from 1980-1983.
- R. 2. **Winchester Model 250.** Serial # B1089056. .22 Sh-L-LR caliber lever action rifle with a 20½” barrel. The bore is excellent, clean with strong rifling. Full length tubular magazine. The original blued metal finish on the barrel and magazine tube is in good condition showing little wear with some fine scratches and a covering of light surface rust. The black finish on the alloy receiver is in very good condition showing light edge wear with some scattered light scuffs and scratches, mostly around the scope groove. The checkered hardwood stock and forearm are in very good to excellent condition showing little wear with a few scattered light marks and scratches. Original front and rear sights. Plastic butt plate. The action works fine. Made from 1963-1973. C&R.
- R. 3. **Marlin Model Glenfield 30.** Serial # 68 88959. .30-30 Win. caliber lever action rifle with a 20” barrel. The bore is excellent, clean with strong rifling. Economy model of the Marlin 336. Half-length magazine tube. Made in 1968. The blued metal finish on the barrel and magazine tube is in good condition showing light muzzle wear, light dings and scratches and some scattered light surface rust freckling. The blued metal finish on the receiver is in good to very good condition showing edge wear with scattered scratches. The lever shows edge wear and thinning with some patches of surface rust. The plain hardwood forearm and matching butt stock have had extra finish added and are in very good condition showing some scattered light marks. Original front and rear sights, the rear sight elevator is missing. The action does not work properly, there is a screw missing from the left side that causes the action to jam in the open position. Includes a Bushnell 3-8x32 scope in a flip mount and a slip-on recoil pad. C&R.
- R. 4. **CBC FIE Model SB.** Serial # 657766. 20 Ga single shot top-break shotgun with a 28” plain barrel. The bore is excellent, clean and shiny. The barrel is choked Full. The chamber is 2-3/4”. Made in Brazil. The action opens with a button on the front of the trigger guard. The blued metal finish on the barrel is in very good condition showing little wear with some scattered light scuffs and scratches and some scattered light freckling. The blued metal finish on the lightly engraved steel receiver is in very good condition as well showing light edge wear with scuffs and scratches and some isolated spots of light surface rust. The plain hardwood forearm is in very good condition showing some light marks from use. The matching butt stock is in good condition showing scattered dings, scrapes and scratches with a crack in the wrist on the left side. Plastic butt plate. The action seems to work fine.

- R. 5. **Iver Johnson Model Champion.** Serial # 23462XH. 12 Ga. single shot shotgun with a 30" barrel. The bore is very good to excellent, clean and shiny. The barrel is choked Full. The metal finish on the barrel is a rusty brown patina with muzzle wear and scratches. The metal finish on the frame is a rusty brown patina as well with edge wear and carry wear. The plain walnut forearm and butt stock have had extra finish added and are in fair to good condition showing scattered dings and scratches with finish wear. The forearm has a crack in the underside, the butt stock has a fine crack at the upper tang. Plastic butt plate. The action works OK. C&R.
- R. 6. **Remington Model 760.** Serial # B8220956. .30-06 caliber pump action rifle with a 22" barrel. The bore is excellent, clean with strong rifling. Detachable magazine. Made in 1977. The blued metal finish on the barrel is in very good condition showing little wear with scattered scuffs and scratches. The action tube shows light action wear. The blued metal finish on the receiver is in very good condition showing light edge wear with some fine scratches. The gloss finished checkered forearm and matching butt stock are in very good to excellent condition showing a few scattered light marks. Original front and rear sights. Plastic butt plate. The action works fine. Includes a Bushnell Buckhorn 3-9x32 scope in see-through rings and a padded leather sling in quick detach swivels.
- R. 7. **Smith & Wesson Model Eastfield 916.** Serial # B13825. 12 Ga. pump action shotgun with a 28" plain barrel. The bore is excellent, mostly clean with some stubborn light wad fouling. The barrel is choked Modified. The chamber is 3". The blued metal finish on the barrel is in very good condition showing little wear with some scattered light scratches and some scattered spots of light surface rust. The blued metal finish on the magazine tube shows heavy action wear. The blued metal finish on the steel receiver is in good to very good condition showing light edge wear and scratches with some scattered light surface rust. The plain walnut stock and forearm are in very good condition showing some scattered light marks. Plastic butt plate. The action works fine.
- R. 8. **Mossberg Model 385K.** Serial # NSN. 20 Ga. bolt action shotgun with a 26" barrel. The bore is excellent, clean and shiny. This shotgun's barrel is equipped with the Mossberg C-LECT adjustable choke system. Detachable magazine. The blued metal finish on the barrel and receiver is in very good to excellent condition showing just a hint of some light edge wear on the receiver with some scattered light scuffs, scratches and light freckling. The plain hardwood stock has had extra finish added and is in very good condition showing some minor marks with light finish wear. Original red recoil pad. The action works OK. The 385 Series was made from 1965-1983 with the 385K being made from 1965-1966. C&R.
- R. 9. **Winchester Model 1300 Turkey.** Serial # L2831603. 12 Ga. pump action shotgun with a 22" ventilated rib barrel. The bore is excellent, clean and shiny. The barrel accepts Win-choke screw in choke tubes and comes with a Full tube installed. The chamber is 3". The satin black finish on the barrel is in very good condition showing scuffs and scratches with a very light haze of fine surface rust. The magazine tube shows light action wear. The matte black finish on the alloy receiver is in very good condition showing light edge wear with some light scuffs and scratches. The checkered synthetic stock and forearm with a tan and green camo pattern are in very good to excellent condition showing little sign of use. Black rubber recoil pad and sling swivel studs. The action works fine. Includes a padded black nylon sling in quick detach swivels.
- R. 10. **Ruger Model Security Six.** Serial # 161-35290. .357 Magnum caliber double action revolver with a 6" barrel. The bore is excellent, clean with strong rifling. Made in 1985. Adjustable sights. The blued metal finish on the barrel is in excellent condition showing little sign of use with some fine scratches. The blued metal finish on the fluted cylinder is in excellent condition as well showing little sign of wear with just a hint of a faint drag line. The blued metal finish on the frame is in excellent condition showing little to no wear. The checkered black rubber grips are newer replacements and are in excellent condition showing little to no wear. The action works fine. Made from 1972-1988.

11. **Springfield Armory Model 1866 Allin Conversion Trapdoor Rifle.** Serial # NSN. .50 cal. center fire caliber single shot rifle with a 36-5/8" barrel. The bore is very good, mostly clean with good, slightly worn rifling and some light frosting/fouling in the grooves. Springfield Armory lock plate dated 1864. The breech block is marked 1866 over an eagle head. The metal finish on the barrel, receiver, lock plate, hammer, trigger guard and barrel bands is a cleaned gray patina showing scattered light dings and scratches with scattered remnant dark spots of older cleaned surface rust. The trigger guard and butt plate are heavily pitted. The lock plate and breech block markings are very legible. The plain walnut stock is in very good condition showing some dings and scratches. There are no cartouches visible. The number 2396 is lightly stamped on the left side of the butt. Original front and rear sights. The action works fine. Includes the ramrod.
- R. 12. **Winchester Model 54.** Serial # 7978. .308 Norma Mag. caliber bolt action rifle with a 24" barrel. The bore is very good, clean with strong rifling. Made in 1926. The Model 54 was the predecessor of the Model 70. This rifle was re-chambered from it's original caliber. The blued metal finish on the barrel is in fair condition showing wear, thinning, dings scratches and some spots of older cleaned surface rust. The blued metal is worn to near gray. The rear bridge has been drilled for scope mounting. The rear sight has been removed and the dovetail filled with a blank. The floor plate/trigger guard shows heavy wear. The checkered walnut stock is in good condition showing some scattered dings and scratches with finish wear. Non-factory thin red rubber recoil pad. The action works fine. Made from 1925-1936. Includes a Weaver KV scope in Weaver mounts. C&R.
- R. 13. **Winchester Model 94.** Serial # 2150688. .32 Win. Spl. caliber lever action rifle with a 20" round barrel with a full-length magazine tube. The bore is excellent clean with strong rifling. Made in 1956. The blued metal finish on the barrel and magazine tube is in good condition showing scattered scratches and scattered light surface rust. The blued metal finish on the receiver and lever is in fair condition showing edge wear and carry wear with scattered scratches and patches of moderate surface rust. The left side of the receiver has 4 holes drilled for a side scope mount. The plain walnut forearm is in good condition showing scratches with finish wear. The butt stock is in poor to fair condition with a large sliver of wood missing from the right side of the upper tang. Otherwise, it shows some light marks with finish wear. Original front and rear sights, the front hood is missing. Swivel studs added. Checkered steel butt plate. The action works fine. Includes a leather sling in quick detach swivels. C&R.
- R. 14. **Winchester Model 88.** Serial # 189710A. .308 Win. caliber lever action rifle with a 22" barrel. The bore is excellent, clean with strong rifling. Made in 1966. Detachable magazine. The blued metal finish on the barrel is in very good condition showing little wear a string of light dings along the right side. The blued metal finish on the receiver is in very good to excellent condition showing little wear with some fine scratches. There is a Weaver rail attached to the top of the receiver that shows numerous dings and scratches. The lever shows thinning and edge wear. The checkered walnut stock is in very good to excellent condition showing little wear. Original front sight including the hood with a flip down rear sight. Plastic butt plate. The action works fine. Made from 1955 to 1973. C&R.
- R. 15. **Harrington & Richardson Model 922.** Serial # K21948. .22 LR caliber double action solid frame revolver with a 6" round barrel. The bore is excellent, clean with strong rifling. First Model 7<sup>th</sup> Variation made in 1950. 9 shot removable "pull-pin" cylinder. The blued metal finish on the barrel is in very good condition showing light muzzle wear with some fine scratches. The blued finish on the fluted cylinder is in good condition showing holster/edge wear with scratches and a moderate drag line. The blued metal finish on the frame is in very good condition showing light edge wear with scratches. The checkered brown plastic target grip is in very good to excellent condition showing some light scuffs and scratches. The action works fine. The First Model was made from 1927-1952 with the 7<sup>th</sup> Variation made from 1949-1952. C&R.

- R. 16. **Remington Model 870 Express Magnum.** Serial # C076284M. 12 Ga. pump action shotgun with a 21" ventilated rib barrel. The bore is excellent, mostly clean with some stubborn light fouling that should clean up. The barrel accepts screw in choke tubes, an Extra Full Turkey choke is installed. The chamber is 3". The matte black metal finish on the barrel is in very good to excellent condition showing little wear with some light scuffs/scratches. The magazine tube shows light action wear. The matte black finish on the receiver is in very good condition showing light edge wear with scattered scuffs and scratches. The checkered synthetic stock and matching forearm have a Realtree Advantage camo pattern and are excellent condition showing little wear. Original Remington black rubber recoil pad. The action works fine. Includes a nylon camo web sling.
- R. 17. **Winchester Model 69a.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 25" barrel. The bore is excellent, clean with strong rifling. Detachable magazine. The metal finish on the barrel is a blotchy gray patina that looks like an older cold blue showing thinning with dings, scratches and some light surface rust near the muzzle. The blued finish on the receiver is in very good condition showing light edge wear with scratches. The bolt handle has been blued. The floor plate and trigger guard show thinning with light surface rust. The plain walnut stock has been lightly refinished and is in very good condition showing some scattered light dings and scratches with light finish wear. Original front and rear sights. Plastic butt plate. The action works fine. Made from 1935 to 1963. C&R.
- R. 18. **Russian – TG Knox Model M91/30 Mosin-Nagant.** Serial # NC837. 7.62x54Rmm caliber bolt action rifle with a 29" barrel. The bore is very good, mostly clean with strong rifling with some cosmoline and light frosting in the grooves. Round receiver rifle made at the Izhevsk Arsenal in 1941. This is one of the many 91/30's that have been imported over the years. Many were refinished by Russia after the war and this appears to be one of them. The black arsenal finish on the barrel and receiver is in very good condition showing light edge wear with thinning along with some scattered scuffs and scratches. The magazine housing/trigger guard is in very good condition showing light edge wear. The hardwood stock and handguard are in very good condition showing scattered dings and scratches with some flaking shellac. The rifle is import marked. The rifle appears to be all matching. The action works fine. Includes a bayonet. C&R.
- R. 19. **Winchester Model 67A Boys Rifle.** Serial # NSN. .22 Sh-L-LR caliber bolt action single shot rifle with a 20" barrel. The bore is excellent. This is a shortened "boys" version of the Model 67. The blued metal finish on the barrel/receiver is in good to very good condition showing little wear with some scattered light scratches and some very light scattered surface rust. The plain walnut stock is in good condition with some scattered dings, scratches, and slight finish wear. The trigger guard shows light edge wear with light surface rust. Original front and rear sights. Plastic butt plate. The action works fine. Made from 1934 to 1963. C&R.
- R. 20. **Winchester Model 67.** Serial # NSN. .22 Sh-L-LR caliber bolt action single shot rifle with a 27" barrel. The bore is excellent, clean with strong rifling. The blued metal finish on the barrel/receiver is in good to very good condition showing little wear with some scattered light scratches and some very light scattered surface rust. The plain walnut stock is in good to very good condition with some scattered light dings and light scratches. The trigger guard shows edge wear and thinning with light surface rust. Original front and rear sights. Plastic butt plate. The action works fine. Made from 1934 to 1963. C&R.
- R. 21. **Winchester Model 68.** Serial # NSN. .22 RF caliber manually cocked bolt action single shot rifle with a 27" barrel. The bore is excellent, clean with good rifling. The blued metal finish on the barrel and receiver is in very good condition showing little wear with some scattered light scratches and an intermittent covering of light surface rust. The chrome bolt knob has some scratches with cleaned light surface rust. The trigger guard is a brown patina with edge wear. The plain walnut stock is in very good condition with some light dings, scratches and light finish wear. Original plastic butt plate. Original rear aperture sight and front sight with hood. The action works fine. Made from 1934 to 1946. C&R.

- R. 22. **Winchester Model 69A Target.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 25" barrel. The bore is excellent, clean with strong rifling. Detachable magazine. The blued metal finish on the barrel is in excellent condition showing little wear with a few scattered light blemishes. No provision for a rear sight on the barrel. The blued finish on the grooved receiver is in excellent condition showing little to no sign of use. The receiver mounted target sight is present. The floor plate and trigger guard show light edge wear with light surface rust. The plain walnut stock is in very good to excellent condition showing some scattered light marks from use. Original front sight including the hood. Plastic butt plate. The action works fine. Made from 1935 to 1963. C&R.
- R. 23. **Winchester Model 72.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 25" barrel and a 2/3 length magazine tube. The bore is excellent, clean with strong rifling. The blued metal finish on the barrel and magazine tube is in very good to excellent condition showing little wear with some scattered light scuffs and scratches. The blued finish on the grooved receiver is in excellent condition showing little sign of use. Chrome bolt knob and trigger guard. The plain walnut stock is in very good condition showing some scattered light scratches. Plastic butt plate. Original front and rear sights. The action functions fine. Made from 1935-1963. C&R.
- R. 24. **Winchester Model 69 Target.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 25" barrel. The bore is excellent, clean with strong rifling. Detachable magazine. The blued metal finish on the barrel is in excellent condition showing little wear with a few scattered light blemishes. No provision for a rear sight on the barrel. The blued finish on the grooved receiver is in excellent condition showing little to no sign of use. The receiver mounted target sight is present. The floor plate and trigger guard show light edge wear with thinning. The plain walnut stock is in very good to excellent condition showing some scattered light marks from use. Original front sight including the hood. Plastic butt plate. The action works fine. Made from 1935 to 1963. C&R.
- R. 25. **Winchester Model 72A.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 25" barrel and a 2/3 length magazine tube. The bore is excellent, clean with strong rifling. The blued metal finish on the barrel and magazine tube is in very good condition showing light muzzle wear with some scattered light scuffs and scratches. The blued finish on the receiver is in good condition showing edge wear with slight thinning. The trigger guard shows edge wear with thinning. The plain walnut stock is in very good condition showing some scattered light marks from use. Plastic butt plate. Original front and rear sights. The action functions fine. Made from 1935-1963. C&R.
- R. 26. **Smith & Wesson Model .32 Hand Ejector.** Serial # 27168. .32 S&W Long caliber 6 shot round butt revolver with a 3-1/4" barrel. The bore is good, mostly clean with good but worn rifling. 2<sup>nd</sup> Change Variation made c. 1905. The nickel finish on the barrel is in good condition showing muzzle wear with some light rust at the muzzle. The nickel finish on the fluted cylinder is in good condition showing dings and scratches with scattered spots of surface rust. The nickel finish on the frame is in good to very good condition showing scattered light scratches with some scattered light freckling. The checkered walnut grips are in good to very good condition showing wear to the checkering with some scrapes on the bottom. The hammer and trigger show faded case color. The action works fine. C&R.
- R. 27. **Smith & Wesson Model 64-8.** Serial # CJB4637. .38 Special +P caliber double action revolver with a 4" heavy barrel. The bore is excellent, clean and shiny with strong rifling. This is a 6 shot, all stainless steel constructed revolver with fixed sights. Action lock on the side of the frame. This revolver is most likely a police trade in. The brushed finish on the stainless steel barrel is in good to very good condition showing light muzzle wear with fine scuffing and scratches. The stainless steel finish on the fluted cylinder is in very good condition showing scratches and a moderate drag line. The stainless steel finish on the frame is in good condition showing numerous scratches on the right side and on the trigger guard. The initials "MCC" are etched on the underside of the frame forward of the trigger guard. The black rubber Pachmayr grips are in good condition showing light wear. The action works fine.

- R. 28. **Ruger Model Mark II Competition Target.** Serial # 218-24821. .22 LR caliber stainless steel semi auto target pistol with a 6 7/8" slab side heavy barrel. The bore is excellent, clean with strong rifling. 10 round detachable magazine. Made in 1993. The stainless steel finish on the barrel is in excellent condition showing little wear with some scattered light scuffs. The stainless steel finish on the receiver is in excellent condition as well showing little sign of use. The receiver is factory drilled and tapped for optics, scope mounting. The stainless steel finish on the frame is in excellent condition showing little wear. The laminated checkered hardwood grips with a thumb rest for a right-handed shooter are in excellent condition showing little to no wear. Adjustable rear target sight. The action works fine. Includes the gray plastic case with the instructions, a set of Ruger scope rings and a Ruger marked scope rail with recesses for the rings.
- R. 29. **Winchester Model 1885 High Wall Limited Series Short Rifle.** Serial # 00069MN85B. .38-55 Win. caliber single shot rifle with a 28" heavy octagon barrel. The bore is excellent, clean and shiny. Limited Series 1 of 125 made in 2009. The blued metal finish on the barrel is in excellent condition showing little to no sign of use. The blued metal finish on the receiver and lever is in excellent condition as well showing little to no sign of use. The plain hardwood stock is in good condition showing scattered dings and scratches with finish wear. Plastic butt plate. Sling swivel studs added. Scope rail attached to the top of the receiver. The action works fine. Made from 1967-1983.
- R. 40. **Remington Model 721.** Serial # 77668. .30-06 caliber bolt action rifle with a 24” barrel. The bore is very good, mostly clean with strong rifling with some fouling in the grooves. Made in 1949. The blued metal finish on the barrel is in fair condition showing wear and thinning with scattered light pitting and scratches. There is a patch of silver solder where the front sight was attached. The blued finish on the receiver is in poor condition showing edge wear and thinning with moderate to heavy pitting on the left side. The floor plate and trigger guard show moderate surface rust. The plain walnut stock is in fair to good condition showing scattered dings and scratches with finish wear. The large initials “W.J./S.S.” have been carved into the underside of the forearm forward of the trigger guard. Checkered metal butt plate. The front and rear sights have been removed. Swivel studs added. The action works fine, the bolt handle appears to have been altered. Includes Redfield rings and bases. Made from 1948 until 1962. C&R.
- R. 41. **Winchester Model 69A.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 25” barrel. The bore is excellent, clean with strong rifling. Detachable magazine. The metal finish on the barrel is in very good condition showing little wear with some scattered light scuffs/scratches and just a hint of some scattered light surface rust. The blued finish on the receiver is in excellent condition showing little sign of use. The floor plate and trigger guard are in very good condition showing light edge wear. The plain walnut stock is in very good condition showing some scattered light dings and scratches with light finish wear. Original front and rear sights. Plastic butt plate. The action works fine. Made from 1935 to 1963. C&R.
- R. 42. **J. Stevens Arms Model 5100.** Serial # NSN. 12 Ga. double barrel shotgun with 28” barrels. The bores are very good. Mostly clean with some stubborn wad fouling at the chamber end. The barrels are both choked Full. Double triggers with extractors. The blued metal finish on the barrels is in good condition showing muzzle wear with thinning and scattered scratches along with some scattered light surface rust. The receiver is a gray patina with carry wear and faded case colors. The black painted trigger guard is worn to near bare gray. The plain walnut forearm is in very good condition showing some light marks with finish wear. The plain walnut butt stock has had extra finish added and is in good condition showing scattered light dings and scratches with finish wear. There is a crack on both sides of the wrist. Non-factory red rubber recoil pad that is poorly fitted. The action works OK and is tight. C&R.

43. **Pedersoli-Euroarms Model Flintlock Rifle.** Serial # 6197. .45 caliber black powder muzzleloading flintlock rifle with a 35-1/2" octagon barrel. The bore is excellent, clean with strong rifling. Made in Italy in 1973. The blued metal finish on the barrel is in very good condition showing light edge wear with some scattered light scuffs and scratches. The lock plate and hammer show faded case color. Single trigger. Brass butt plate, side plate, patch box, trigger guard ferrules and nose cap. The full length walnut stock is in very good condition showing scattered light dings and scratches. The action works fine, but the mainspring seems a bit weak. Includes the wood ramrod.
44. **Antonio Zoli Model 1863 Zouave.** Serial # 19215. .58 caliber black powder percussion rifle with a 33" round barrel. The bore is excellent, clean with strong rifling, no rust. Modern reproduction of the Remington Model 1863 Zouave rifle. Made in Italy in 1970. The blued metal finish on the barrel is in very good condition showing scattered light scuffs and scratches with slight thinning. The lock plate and hammer show slightly faded case colors. The steel trigger guard has been grit blasted to a dull gray patina. Brass butt plate, patch box, trigger guard, barrel bands, and nose cap. The hardwood stock is in excellent condition showing scattered light marks from use. The action works fine. Includes the steel ramrod.
- R. 45. **Marlin Model 1894.** Serial # 248773. .25-20 WCF caliber lever action rifle with a 24" medium contour round barrel. The bore is very good to excellent, mostly clean with strong rifling. Full-length magazine tube. Made c. 1902. The metal finish on the barrel and magazine tube is a dull grayish patina that looks like an older cold blue showing scattered dings and scratches. There are 2 sets of drilled and tapped holes for scope blocks on the barrel, there is a broken off screw in one of them. The barrel is marked "Marlin Fire-Arms Co. New-Haven CT USA/Patented Oct 11 1887, April 2 1889, August 1 1893". The metal finish on the receiver and is a worn gray patina with darker spots of older cleaned surface rust and scattered scuffs/scratches. The receiver is marked "Marlin Safety" and the upper tang is marked "Model 1894". The lever is a worn gray patina. The plain walnut forearm and matching butt stock have been lightly refinished and are in very good condition showing remnant light dings and scratches. The crescent steel butt plate and nose cap are a worn gray patina. The action seems to work OK. Made from 1894-1934. C&R.
- R. 46. **Sako Model Riihimaki.** Serial # 19144. .222 Rem. caliber bolt action rifle with a 24" heavy barrel. The bore is very good to excellent, mostly clean with strong and some light fouling. Made in Finland c. 1955. Detachable magazine. The blued metal finish on the barrel is in good to very good condition showing light muzzle wear with some scattered scratches and rub marks. The blued metal finish on the receiver is in very good to excellent condition showing little wear. The trigger guard and floor plate show light edge wear and scratches. The checkered walnut stock with a wide forearm is in very good condition showing a few scattered light dings and scratches, mostly on the right side. Deteriorating non-factory brown rubber recoil pad. Ramp front sight missing the hood with no provision for a rear sight. The action works fine. Includes a Weaver fixed power scope in Stith mounts and a leather sling. C&R.
- R. 47. **Ithaca Model 37S Skeet.** Serial # S20092. 12 Ga. pump action shotgun with a 26-1/2" ventilated barrel. The bore is excellent, clean and shiny. The barrel is marked as choked Modified, but the barrel has been shortened and fitted with a Weaver compensator. The chamber is 2-3/4". Made in 1940. The blued metal finish on the barrel is in very good to excellent condition showing little wear with some scattered fine scuffs and scratches. The magazine tube shows moderate action wear. The blued finish on the engraved receiver and the trigger guard is in good condition showing edge wear with scattered scratches. The checkered walnut forearm and the matching nicely figured butt stock are in very good to excellent condition showing scattered light marks from use. Original red rubber recoil pad with an LoP of 14-1/2". The action works fine. C&R.

48. **Parker Hale Model Pattern 1858 Enfield.** Serial # 3237. .58 caliber black powder percussion fired rifle with a 33" barrel. The bore is excellent, clean with strong rifling. High quality 2-band Enfield replica made in England in the mid 1970's. The blued metal finish on the barrel is in excellent condition showing little wear with some fine scratches. The lock plate and hammer show good case color, the lock plate is marked "P-H." with a crown and "1858/Enfield". The blued barrel bands show little to no wear. The plain full length walnut stock is in excellent condition showing little use with some scattered light marks from handling. There is a "Parker-Hale LTD" cartouche in the right side of the butt. The brass butt plate, trigger guard and nose cap are slightly dull, they should polish out fine. Ladder type rear sight. The action works fine. The gun is complete including the ramrod.
49. **Hopkins and Allen Model Heritage.** Serial # NSN. .45 cal. Under-hammer percussion fired rifle with a 32" rifled heavy octagon barrel. The bore is excellent, clean with strong rifling. Contemporary design made by Numrich Arms from the 1950's until the 1970's. This is the Heritage version with an adjustable rear sight and a hooded front sight. The blued metal finish on the barrel and receiver is in very good condition showing little wear with some scattered scratches around the pins and screws in the receiver. The plain walnut forearm and matching butt stock are in very good to excellent condition showing little wear. Brass butt plate and trigger guard extension. The action works fine. Includes a wood ramrod.
- R. 50. **Ruger Model 10/22 International.** Serial # 103143. .22 LR caliber semi auto rifle with an 18½" barrel. The bore is excellent, clean with strong rifling. 10 shot detachable rotary magazine. Early example made in 1967. The blued metal finish on the barrel is in excellent condition showing little sign of wear. The black finish on the alloy receiver is excellent as well. The plain walnut Mannlicher style full length stock and a nose cap is in excellent condition with a few minor marks from handling. Original front and rear sights. Original sling swivels. Plastic butt plate. The action works fine. Includes a Redfield 2-3/4x scope attached to a rail on top of the receiver. The 10/22 was introduced in 1964 and is still in production. C&R.
- R. 51. **J. Stevens Model Ideal No. 414 Armory Model.** Serial # 90185. .22 LR caliber single shot rifle with a 26" round heavy barrel. The bore is excellent, clean with strong rifling. The blued metal finish on the barrel is in good to very good condition showing wear and scratching at the muzzle with scattered light scratches and some scattered light freckling. The receiver shows faded case color with edge wear. The lever is worn to bare gray with traces of case color visible. The original rear Lyman receiver mounted sight is intact. The plain walnut musket-type forearm with a barrel band and swivel is in very good condition showing some light dings and scratches. The matching butt stock is in very good to excellent condition showing some scattered light marks. Textured steel butt plate. The action works fine. Includes a Lyman 438 Field scope attached to scope blocks mounted to the barrel. Made from 1912-1932. C&R.
- R. 52. **Baikal – E.A.A. Corp. Model IZH-27EM-1C.** Serial # 032766509B. 12 Ga. over/under shotgun with 28-1/2" ventilated rib barrels. The bores are excellent, clean and shiny. The barrels accept screw-in choke tubes, a Modified and Imp. Cyl. tube are installed. The chambers are 3". Single non-selective trigger with automatic ejectors. Made in Russia. The blued metal finish on the barrels is in excellent condition showing little to no wear with some fine scratches. The receiver has some etched scroll work and is in excellent condition showing no wear. The checkered hardwood stock and forearm are in excellent condition with some minor marks from handling. Original black rubber recoil pad with an LoP of 14¼". The action works fine.

53. **Centennial Model 1960 New Army.** Serial # 8849. .44 caliber black powder percussion fired 6 shot revolver with an 8" round barrel. The bore is excellent, clean with strong rifling. Modern reproduction of the original Colt Model 1860 Army made in Belgium. The blued metal finish on the barrel is in very good to excellent condition showing little wear with some fine scratches. The blued finish on the engraved cylinder is in very good to excellent condition as well showing little wear with some light scratches. The frame, hammer and loading lever show good, faded case color. The brass trigger guard/front grip frame is in very good condition showing light wear and tarnish. The plain hardwood grips are in very good to excellent condition showing little sign of use. The action works fine. Includes a wood presentation case with a powder flask, capper, 2 tins of percussion caps and some lead balls.
54. **Euroarms Model 1851 Navy Revolver.** Serial # 14510. .36 caliber black powder percussion fired 6 shot revolver with a 7½" octagon barrel. The bore is excellent, clean with strong rifling, no rust visible. Made in Italy in 1973. The blued metal finish on the barrel is in excellent condition showing little wear with some fine scratches. The blued metal finish on the engraved cylinder is in very good to excellent condition showing little wear with a light drag line. The frame and loading show slightly faded case color. Plastic butt plate. The action works fine. Includes a scope rail attached to the receiver.
- R. 82. **Caesar Guerini Model Magnus Light.** Serial # 102512. 20 Ga Over/Under shotgun with 28" ventilated rib barrels. The chrome lined bores are excellent, clean and shiny. The barrels accept screw-in choke tubes, Full and Imp. Mod. tubes are installed. The chambers are 3". High quality gun made in Italy. The gun is equipped with a single selective trigger (SST) and automatic ejectors. The blued metal finish on the barrel is in very good condition showing light muzzle wear with a few fine scratches. The silver coin finish on the engraved receiver featuring gold inlaid game birds is in excellent condition showing little wear. The nicely figured oil finished checkered forearm and matching butt stock are in excellent condition showing no wear. The contrasting grooved walnut butt plate is in excellent condition as well. The LoP is 14-1/2". The action works fine. Includes a leather luggage case.
- R. 83. **Smith & Wesson Model 12-3.** Serial # 9D95938. .38 Spl. caliber double action revolver with a 4" barrel. The bore is excellent. Lightweight K Frame revolver similar to the Model 10 but with an alloy frame. Made c. 1982. 6 shot cylinder and a square butt grip frame. The original blued metal finish on the barrel is in excellent condition showing little wear. The blued metal finish on the fluted cylinder is in very good condition showing very light edge wear with a light drag line. The black finish on the alloy frame is in excellent condition showing little sign of wear. The hammer and trigger show good case color. The checkered walnut grips are in very good to excellent condition showing little wear with some minor marks from use. Fixed sights. The action works fine. Includes an un-marked blue S&W slip top box. Made from 1953-1986.
- R. 84. **Smith & Wesson Model 34-1.** Serial # M114538. .22 LR caliber double action revolver with a 4" barrel. The bore is excellent, clean with strong rifling. 6 shot fluted cylinder. Made c. 1979. The blued metal finish on the barrel is in good condition showing moderate holster wear with scattered light scratches. The blued finish on the cylinder is in very good condition showing light edge wear with a light drag line. The blued finish on the frame is in very good to excellent condition showing light edge wear with some scattered light scratches. Adjustable rear sight. The smooth hardwood grips are replacements and are in very good condition showing scattered light scratches. The hammer may have been bobbed slightly. The hammer and trigger show faded case color. The action works fine. Includes a soft case.

- R. 85. **Beretta Model 682 X Mono Trap.** Serial # H06169B. 12 Ga. Over-Sigle shotgun with a 34" ported ventilated rib barrel. The bore is excellent, clean and shiny. The barrel accepts screw-in choke tubes, a Full tube is installed. Made in Italy in 1989. Single selective trigger with an automatic ejector. The satin blued metal finish on the barrels is in excellent condition showing little wear. The blued metal finish on the receiver is in very good condition showing light edge wear. The finish is taking on a plum hue. The nicely checkered walnut stock with adjustable comb is in excellent condition showing little sign of use. The matching checkered walnut forearm is in excellent condition as well showing little sign of use. Factory black rubber recoil pad with an LoP of 14-1/4". The action works fine and is tight.
- R. 86. **Ithaca - SKB Model XL900.** Serial # S1923403. 12 Ga. semi auto shotgun with a 30" ventilated rib barrel. The bore is excellent, clean and shiny. The barrel is choked Full; the chamber is 2-3/4". Made in Japan. The blued metal finish on the barrel is in very good to excellent condition showing little wear with some light scuffs and scratches. The engraved black alloy receiver is in very good condition showing light scuffs and scratches. Gold toned trigger. The checkered walnut stock and forearm are in good condition showing a few light dings and scratches with light finish wear. Original brown rubber recoil pad with an LoP of 14-1/2". The action works fine. Imported from 1972 to 1978.
- R. 87. **Remington Model 511-P.** Serial # NSN. .22 Sh-L-LR caliber bolt action target rifle with a 25" barrel. The bore is excellent, clean with strong rifling. Made in 1939. Detachable magazine. The metal finish on the barrel and receiver is a brown patina that has been aggressively cleaned to near bare metal in the chamber area and on the receiver. The floor plate and trigger guard are a brown patina with thinning and scratches. The plain walnut stock is in very good condition showing scattered light marks with light finish wear. Plastic butt plate. Original front sight, no provision for a rear sight on the barrel. The receiver mounted peep sight is present and complete. The action works fine. Made from 1939 until 1962. C&R.
- R. 88. **Remington Model 513-T.** Serial # 133914. .22 LR caliber bolt action rifle with a 27" heavy barrel. The bore is excellent, clean with strong rifling. Detachable magazine. The blued metal finish on the barrel and receiver is in good condition showing thinning and scratches with a covering of light surface rust. The plain walnut target stock is in good condition showing scattered dings, scratches and finish wear. The stock has an adjustable sling swivel/hand rest on the underside of the forearm. The blued finish on the floor plate/trigger guard shows light surface rust. Checkered steel butt plate. Hooded globe front sight with a Redfield receiver mounted aperture sight. The action works OK. Made from 1940 to 1968. C&R.
- R. 89. **Remington Model 512.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 25" barrel. The bore is excellent, clean and shiny with some light fouling. The barrel has 2 date codes, RR and PP. Tubular magazine. The blued metal finish on the barrel and magazine tube is in very good condition showing little wear with some scattered light scratches and fine freckling. There is one nasty scrape on the top surface of the barrel. The blued metal finish on the receiver is in very good condition showing light edge wear with a haze of fine surface rust. The bolt body shows some case color. The plain walnut stock is in very good condition showing a few scattered light dings and scratches. Plastic butt plate. The action works fine. Made from 1940 to 1962. C&R.
- R. 90. **Remington Model 510.** Serial # NSN. .22 Sh-L-LR caliber bolt action single shot rifle with a 25" barrel. The bore is excellent, mostly clean with strong rifling. Made in 1947. The metal finish on the barrel and receiver is in fair condition showing thinning and edge wear with a covering of light to moderate surface rust. The plain walnut stock is in very good condition showing little wear with a few scattered dings and scratches. Plastic butt plate. Original front and rear sights. The action works fine. Made from 1939-1962. C&R.

- R. 91. **Winchester Model 70.** Serial # 26679. .300 Win. Mag. caliber bolt action rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Made in 1939. The gun has apparently been re-chambered as the original caliber marking has been milled off and the new caliber stamped in the recessed oval. The blued metal finish on the barrel is in very good to excellent condition showing little wear with some scattered light scuffs and scratches. The matte blue finish on the receiver is in very good condition showing light edge wear with slight thinning and some light scuffs and scratches. The blued finish on the steel floor plate and trigger guard shows some light scratches. The checkered laminated wood aftermarket stock with a contrasting nose piece and grip cap is in very good to excellent condition showing some scattered light scratches. Non-factory brown rubber recoil pad. Original front sight missing the hood, the rear sight has been removed. The bolt is matched to the receiver. The action works fine. Includes a 4-12x40 Redfield scope in Redfield mounts. C&R.
- R. 92A. **First of a lot of 2: Harrington & Richardson Model Premier.** Serial # 152522. .32 S&W caliber top break revolver with a 3" barrel. The bore is poor with rust and pitting. 5 shot cylinder. The nickel finish on the barrel and cylinder is in poor condition showing large areas of worn and flaking nickel with the underlying metal turning brown. The nickel finish on the frame is in fair condition showing scratches and scattered flaking nickel. The checkered black plastic grips are in good condition showing slight wear, no cracks or chips. The action does not work properly. Second Model, Second Variation made from 1906-1908. C&R.
- R. 92B. **Second of a lot of 2: Iver Johnson Model 1900.** Serial # 7461. .38 S&W caliber solid frame 5 shot revolver with a 4-1/2" octagon barrel. The bore is poor with rust and pitting. The nickel finish on the barrel, frame and cylinder is in poor condition showing widespread flaking with the underlying metal rusting heavily. The blued metal finish on the trigger guard shows thinning and scratches and is turning brown. The checkered black plastic grips are in good condition showing light wear and light soiling. No cracks or chips. The action does not work. Made from 1900-1941. C&R.
- R. 93. **Winchester Model 12.** Serial # 729649. 16 Ga. pump action shotgun with a 28" plain barrel. The bore is excellent, clean and shiny. The barrel is choked Full. Made in 1937. The blued metal finish on the barrel is in good condition showing thinning and scratching with scattered light surface rust. The magazine tube shows light action wear with some scattered light rust. The metal finish on the receiver is a blotchy gray/black patina, it appears to have been cleaned and shows edge wear, scratches and some scattered light pitting. The grooved walnut forearm and matching plain butt stock have had extra finish added and are in very good condition showing little wear with some minor marks from use. Non-factory brown rubber recoil pad with an LoP of 13-1/2". The action functions fine. C&R.
- R. 94. **Lefever Arms Co. Model Nitro Special.** Serial # 128650. 12 Ga. double barreled shotgun with 30" barrels. The bores are excellent, clean and shiny. The barrels are both choked Full and Modified. Double triggers with extractors. Made c. 1922 by Ithaca Gun Co. after it acquired the Lefever name. The blued metal finish on the barrels is in good condition showing light muzzle wear with thinning, scattered light scratches and scattered light freckling. There is a repair to the forearm lug which appears to involve a screw going between the barrels into the top barrel rib. The frame finish is a brownish gray patina with edge wear and carry wear. The checkered walnut forearm shows wear to the checkering. The matching butt stock show wear to the checkering as well with several cracks on either side of the wrist. There is a large chunk of wood missing from the right side of the upper tang. The plastic butt plate shows moderate to heavy wear. The action seems to work OK, the lock up is tight. Made from 1921 to 1948. C&R.

- R. 95. **Winchester Model 120.** Serial # L1568599. 12 Ga. pump action shotgun with a 28" ventilated rib barrel. The bore is excellent, clean and shiny. The barrel accepts screw-in choke tubes, a Skeet tube is installed. The chamber is 3". The blued metal finish on the barrel is in very good condition showing little wear with some scattered scratches and some light freckling. The magazine tube shows light action wear with scattered light surface rust. The black finish on the alloy receiver is in good to very good condition showing scattered dings and scratches with some scattered spots of corrosion. The grooved hardwood forearm and matching butt stock are in very good condition showing a few scattered light marks from use along with light finish wear. Original black rubber recoil pad. The action works fine. Includes 3 additional choke tubes and a wrench.
- R. 96. **Harrington & Richardson Model Topper 58.** Serial #AP222233. 20 Ga single shot break top shotgun with a 28" barrel. The bore is excellent, clean and shiny. The barrel is choked Full. The chamber is 3". The blued metal finish on the barrel is in very good condition showing little wear with some light scratches; the chamber area is turning slightly brown. The receiver shows good striped case color on the sides; there is light edge wear and the top and bottom surfaces are turning brown. The plain hardwood forearm and butt stock are in good to very good condition showing scattered light dings and scratches with light finish wear. Plastic butt plate. The action works fine.
- R. 97. **Winchester Model 12.** Serial # 662730. 12 Ga. pump action shotgun with a 28" plain barrel. The bore is excellent, clean and shiny with some stubborn light fouling that should clean up. The barrel is choked Modified. Made in 1933. The blued metal finish on the barrel is in good condition showing thinning and scratching with scattered spots of light surface rust. The barrel has a thin protective layer of clear coat. The magazine tube shows heavy action wear. The metal finish on the receiver shows moderate carry wear with edge wear; it is taking on a brown patina. The receiver extension is worn to bare metal. The grooved walnut forearm and matching plain butt stock have had extra finish added and are in very good condition showing little wear with some minor marks from use. The plastic butt plate is a newer replacement and does not fit well. The action functions fine. C&R.
- R. 98. **Savage Model 93R17.** Serial # 2612509. .17 HMR caliber bolt action rifle with a 21" heavy fluted barrel. The bore is excellent, clean with strong rifling. 7 shot detachable magazine. Made without sights. The matte black metal finish on the barrel and receiver is in excellent condition showing little sign of wear with some light scuffs. The checkered OD Green synthetic stock is in excellent condition as well showing little use. The plastic trigger guard is excellent. Plastic butt plate. The action works fine. Includes a Bushnell 3-9x40 scope with Weaver style bases and a spare magazine.
- R. 99. **Savage Model 93R17.** Serial # 2358869. .17 HMR caliber bolt action rifle with a 21" barrel. The bore is excellent, clean with strong rifling. 7 shot detachable magazine. Made without sights. The matte black metal finish on the barrel and receiver is in excellent condition showing little sign of wear with some light scuffs. The checkered pink/black "Muddy Girl" synthetic stock is in excellent condition as well showing little use. The plastic trigger guard is excellent. Plastic butt plate. The action works fine. Includes a Bushnell 3-9x40 scope with Weaver style bases and a spare magazine.
- R. 100. **Ruger Model Mark III 22/45 Target.** Serial # 228-30561. .22 LR caliber semi auto target pistol with a 5-1/2" heavy bull barrel. The bore is excellent, clean with strong rifling. Detachable 10 shot magazine. Made in 2006. The blued metal finish on the barrel and receiver is in very good to excellent condition showing light muzzle wear with some fine scratches. The black polymer frame is in excellent condition showing little sign of use. The checkered black plastic grips are in excellent showing little sign of use. Patridge type front sight with an adjustable rear target sight. The action works fine. Includes a Millet Redot SP1 attached to a rail on top of the receiver.
- R. 101. **Ruger Model SP101.** Serial # 572-95575. .38 Spl. caliber double action revolver with a 3" barrel. The bore is excellent, clean and shiny. 5 shot cylinder. Made in 2006. The brushed stainless steel finish on the barrel is in excellent condition showing a few scattered marks. The stainless steel finish on the fluted cylinder is in excellent condition showing a faint drag line. The stainless steel finish on the frame is in excellent condition showing little to no sign of use. The black rubber grips with grooved plastic inserts are in excellent condition also showing little use. Fixed sights. The action works fine. Includes a nylon holster.

- R. 102. **Charter Arms Model Bulldog.** Serial # 23F10137. .44 Spl. caliber double action revolver with a 2-1/2" barrel. The bore is excellent, clean with strong rifling. All stainless steel construction with a bobbed hammer. 5 shot cylinder. The matte stainless steel finish on the barrel and frame is in excellent condition showing little wear with some light scuffs from use. The matte stainless steel finish on the fluted cylinder is in excellent condition as well with a faint drag line. The textured black rubber finger groove grips are in excellent condition showing little wear. The action works fine. Includes the original black case with the instructions and a gun lock.
- R. 103. **Winchester Model 70 Sporter Magnum.** Serial # G2043233. 7mm mag caliber bolt action rifle with a 26" barrel. The bore is excellent, clean with strong rifling. The barrel is fitted with a muzzle brake. Made c. 1992. Made without sights. The satin blued metal finish on the barrel is in very good condition showing little wear with some scattered light scuffs and scratches. The satin blued finish on the receiver is in very good condition showing light edge wear with just a hint of some light rust around the vent hole. The black finish on the steel floorplate and alloy trigger guard are in excellent condition showing some fine scratches. The marbled black and white checkered synthetic replacement stock is in very good to excellent condition showing little wear with some scattered light marks from use. Black rubber recoil pad. Sling swivel studs. The action works fine. Includes a set of Leupold style rings and bases.
104. **Traditions Model Buckskinner.** Serial # 278958. .50 caliber black powder flintlock rifle with a 21" pat round, part octagon barrel. The bore is excellent, clean with strong rifling. Made in Spain. Single trigger. The blued metal finish on the barrel is in very good to excellent condition showing little to no wear with some scattered light scratches and blemishes. The engraved lock plate, hammer and pan show good case color. It appears as though the pan has never seen powder. The black finish on the trigger guard is in excellent condition showing little wear. The plain laminated hardwood stock is in very good to excellent condition showing some scattered light scratches. Adjustable rear sight. Thin black rubber recoil pad. The action works fine. The rifle shows little use and looks to be un-fired. Includes the box.
- R. 105. **Springfield Armory Model 1898 Krag Sporter.** Serial # 215154. .30-40 Krag caliber bolt action rifle with a 22" barrel. The bore is good, somewhat dark with good rifling and some frosting/fouling in the grooves. The rifle started life as a US Model 1898 Krag military rifle made in 1899 that was subsequently sporterized by cutting down the barrel and the stock, discarding the nose band, discarding the rear sight and replacing the front sight. The blued metal finish on the barrel is a re-blue and is in very good condition showing light muzzle wear with some scattered light marks. The blued metal finish on the receiver and magazine box is also a re-blue and is in good to very good condition showing little wear with some scattered light scratches and remnant underlying pitting. The markings show evidence of buffing. The cut down military stock has been sanded and refinished and is in very good condition showing scattered light scratches, no markings remain. Original steel butt plate, the butt trap is empty. A Williams peep sight has been attached to the right rear of the receiver. The action works fine. C&R.
- R. 106. **Spanish Mauser Model 1916 Short Rifle.** Serial # 274984. .308 Win. caliber bolt action rifle with a 22" barrel. The bore is excellent, clean with strong rifling. Originally chambered in 7mm, it was re-barreled by the Spanish military to .308 in the 1950's. The blued arsenal type finish on the barrel and receiver is in good condition showing edge wear and thinning with some scuffs and scratches. It is turning slight brown in some areas. Original military sights. The bolt and floor plate/trigger guard are matched to the receiver. They show moderate to heavy wear and are turning slightly brown. The stock and hand guard have had extra finish added and are good to very good condition showing some scattered dings and scratches, no cracks or serious damage. Discreetly import marked on the barrel. The action works fine. C&R.

- R. 107. **J. Stevens Arms Model Single Shot.** Serial # ID51. 12 Ga. single shot shotgun with a 30" barrel. The bore is fair, mostly clean with moderate pitting. The barrel is choked Full. The action opens by pulling the trigger firmly to the rear. The blued metal finish on the barrel is in good condition showing light muzzle wear, thinning with scratches and a partial covering of light surface rust. The frame is a worn gray patina. The checkered walnut forearm and matching butt stock have been lightly refinished and are in very good condition showing some minor marks with finish wear. Plastic butt plate. The action works OK. The barrel to frame lock-up is tight. C&R.
- R. 108. **Yugoslavian Model M24/47.** Serial # M7626. 8mm bolt action rifle with a 23-1/2" barrel. The bore is very good, mostly clean with strong rifling with some light frosting in the grooves. The numbers are matched, but are likely re-stamped. Import stamped on the barrel. The metal finish on the barrel, receiver, floor plate/trigger guard and the barrel bands is worn to a bare gray patina with scattered scratches and light dings. The hardwood stock and hand guard are in good military condition showing dings, dents and scratches, no cracks or repairs. Original military sights including the front hood. The action works fine. Includes the cleaning rod. C&R.
- R. 109A. **First of a lot of 2: J. Stevens Model Springfield 94A.** Serial # NSN. 20 Ga. single shot shotgun with a 28" barrel. The bore is excellent, clean and shiny. The barrel is choked Modified. The blued metal finish on the barrel is in fair condition, it has turning brown with scratches and some scattered light surface rust. The receiver is a brown patina with edge wear and carry wear along with scratches and light surface rust. The trigger guard shows heavy wear and is turning brown. The plain walnut forearm and butt stock are in good to very good condition showing scattered light dings and scratches with light finish wear. There is a small crack at the base of the upper tang. Plastic butt plate. The action works OK. C&R.
- R. 109B. **Second of a lot of 2: J. Stevens Model Springfield 94B.** Serial # NSN. 16 Ga. single shot shotgun with a 28" barrel. The bore is excellent, clean and shiny. The barrel is choked Full. The blued metal finish on the barrel is in good condition showing muzzle wear, thinning and scratches along with scattered spots of light surface rust. The metal finish on the receiver is a grayish brown patina with light surface rust. Traces of case color are visible. The black painted trigger guard shows heavy wear. The plain walnut forearm and butt stock have had extra finish added and are in good condition showing scattered light dings and scratches. There is a small crack at the base of the upper tang. Plastic butt plate. The action works OK. C&R.
- R. 110. **Spanish Model M43 Mauser.** Serial # F7278. 8mm bolt action rifle with a 23-1/2" barrel. The bore is very good, mostly clean with strong rifling with some frosting/fouling in the grooves. The numbers appear to be all matching. Does not appear to be import stamped. The black arsenal finish on the barrel and receiver is in fair condition showing moderate to heavy wear with scratches and a patch of moderate rust on the receiver. The receiver has a coating of clear lacquer. The floor plate/trigger guard shows heavy wear with scratches. The barrel bands show wear with patches of rust. The hardwood stock and hand guard have a heavy coating of clear lacquer and are in very good condition showing some scattered dings, no cracks or repairs. Original military sights. The bayonet adapter and the cleaning rod are missing. The action works fine. C&R.
- R. 111. **Remington Arms Model No. 3 Rider.** Serial 44005. 12 Ga single shot shotgun with a 30" barrel. The bore is good to very good, mostly clean with slight roughness. Manual cocking lever on the left side. The blued metal finish on the barrel is a re-blue and is in good to very good condition showing light muzzle wear with scattered light scratches and some spots of older cleaned surface rust. The metal finish on the frame has been aggressively cleaned to bare metal and shows scratches with scattered light dings. The plain walnut forearm and matching butt stock have been lightly refinished and are in very good condition showing some minor marks from use. The action seems to work fine. Plastic butt plate. Made from 1893-1903. C&R.

- R. 112. **Japanese Model Arisaka Type 99 Long Rifle.** Serial # 24340. 7.7mm Arisaka caliber bolt action rifle with a 31-1/2" barrel. The bore is good to very good, mostly clean with slightly worn rifling with some light fouling in the grooves. Made at the Toyo Kogyo Arsenal between 1939 and 1945, the series marking is illegible. The bolt parts are matched with themselves, but mis-matched to the receiver. The nose band is not numbered. The blued metal finish on the barrel and receiver is in good condition showing light edge wear with thinning and scattered light surface rust. The finish on the floor plate and trigger guard is partially cleaned showing scratches and scattered light rust. The mum has been ground. Monopod type mid-band; the monopod is intact. Anti-aircraft type ladder rear sight, the extendable wings are missing. The hardwood stock and hand guard are in good military condition showing dings, dents and scratches. The cleaning rod is present. The action works fine. C&R.
- R. 113. **Savage Arms Model 99E.** Serial # 292018. .303 Savage caliber solid frame lever action rifle with a 20" barrel. The bore is very good to excellent, clean with strong rifling with just a hint of some slight roughness. Internal rotary magazine with cartridge counter. Made in 1926. The blued metal finish on the barrel is in good to very good condition showing light muzzle wear with thinning and some scattered light scratches and just a hint of some scattered light freckling. The blued metal finish on the receiver is in very good condition showing light edge wear and scratches with a fine haze of light surface rust. The lever shows faded case color. The plain walnut forearm has had extra finish added and is in good to very good condition showing some scattered light dings and scratches. The matching butt stock has had extra finish added as well and is in fair condition showing a large repair to the wrist area. Steel butt plate. Original front and rear sights. Swivels added. The action works fine. C&R.
- R. 114. **Russian-R Guns Mosin-Nagant Model M44.** Serial # 34279. 7.62x54Rmm caliber bolt action rifle with a 20" barrel. The bore is poor, dark with heavy rust. Shortened version of the Model 91/30 with a folding bayonet. Made in Russia at the Izhevsk Arsenal in 1944. The rifle appears to be all matching. The rifle is import marked on the receiver. The black arsenal finish on the barrel and receiver is in good to very good condition showing light muzzle and edge wear with thinning and light scratches. The blued finish on the magazine housing/trigger guard is in very good condition showing edge wear with light scratches. The laminated wood stock and hand guard are in good to very good military condition showing some light scrapes, scuffs and scratches. There is an arsenal repair at the upper tang and behind the trigger guard. Original military sights. The action works fine. Includes the cleaning rod. C&R.
- R. 115. **Crescent Firearms Co. No. 15 Empire Ejector.** Serial # 792037. .410 Ga. single shot shotgun with a 26" barrel. the bore is excellent, clean and shiny. The barrel is choked Cylinder. Made c. 1934. The blued metal finish on the barrel is in good condition showing thinning and scratches with scattered surface rust freckling. The receiver is a brownish gray patina showing edge wear, there are traces of case color visible. The plain hardwood stock and forearm are in fair condition showing heavy finish wear on the forearm with dings and scratches on the butt stock. There is a crack in the wrist. The plastic butt plate does not fit well. The action works OK. C&R.
116. **Spanish Mauser Model 1893 Sporter.** Serial # C2660. 7x57mm Mauser caliber bolt action rifle with a 23" barrel. The bore is very good, mostly clean with strong rifling with some light fouling. This rifle started life as a Spanish military rifle made by Ludwig Loewe in Berlin Germany in 1894. It was subsequently sporterized by shortening the barrel, discarding the military stock and hand guard and discarding the military sights. The metal finish on the barrel and receiver is a blotchy dull gray patina that looks like an older cold blue that shows scattered light dings and scratches. The floor plate/trigger guard is a worn grayish brown patina. The bolt and floor plate/trigger guard are matched to the receiver. The checkered walnut Herters sporter stock with a black nosepiece is in good to very good condition showing scattered light dings and scratches with finish wear. Plastic butt plate. The action works fine. Includes a Lyman receiver mounted peep sight attached to the right rear of the receiver and a leather sling.

- R. 117. **Winchester Model 120.** Serial # L1815191. 12 Ga. pump action shotgun with a 30" plain barrel. The bore is excellent, clean and shiny. The barrel is choked Full. The chamber is 3". The blued metal finish on the barrel is in very good to excellent condition showing little wear with some scattered light scratches. The magazine tube shows very light action wear. The black finish on the alloy receiver is in very good condition showing scattered light scratches with some scattered spots of corrosion. The grooved hardwood forearm and matching butt stock are in very good to excellent condition showing little wear with a few scattered light marks from use. Original black rubber recoil pad. The action works fine.
- R. 118. **Long Branch Model No. 4 MK I\* Sporter.** Serial # 61L7863. .303 British caliber bolt action rifle with a 20" 2 groove barrel. The bore is excellent, clean with strong rifling. Originally made as a Commonwealth military rifle in Canada at the Long Branch Arsenal in 1944, the rifle has been subsequently sporterized by shortening the barrel, discarding the military sights, shortening the forearm and discarding the hand guards and barrel bands. Detachable magazine reduced to 5 round capacity. The blued metal finish on the barrel is in very good condition showing slight thinning with scratches and scattered light surface rust. The arsenal type finish on the receiver is in good condition showing thinning and edge wear with scratches. The trigger guard shows light edge wear with scratches and light surface rust. The cut down hardwood forearm and the butt stock have been refinished and are in very good condition showing only a few minor marks. The rear swivel slot has been filled. The bolt is matched to the receiver. Metal butt plate. The action works fine. Includes a tasco3-12x40 scope in an S&K mount. C&R.
- R. 119A. **First of a lot of 2: Iver Johnson Model 1900 Ejector Semi-Hammerless.** Serial # 52639. 12 Ga. single shot shotgun with a 29-3/4" barrel. The bore is fair, mostly clean with slight roughness and some scattered light pitting. Ring trigger opener. The metal finish on the barrel has been aggressively cleaned to near bare metal and shows a brownish patina dark patches of older cleaned surface rust. The metal finish on the frame is a worn brownish gray patina with scattered dings and scratches. The plain walnut stock and forearm are in fair to good condition showing dings and scratches with finish wear. There are fine cracks at the upper and lower tangs with a sliver of wood missing from the forearm. The Iver Johnson marked plastic butt plate has a large chip missing at the top. The action works OK. Made from 1900-1908. C&R.
- R. 119B. **Second of a lot of 2: Iver Johnson Model Champion.** Serial # 42045B. 20 Ga. single shot shotgun with a 26" barrel. The bore is very good, mostly clean with slight roughness. The blued metal finish on the barrel looks like an older re-blue and is in good condition showing light muzzle wear with thinning, scratches and scattered light surface rust. The metal finish on the frame is a worn grayish brown patina with edge wear and scratches. The plain walnut stock and forearm have had extra finish added and are in good condition showing scattered light dings and scratches with flaking finish on the butt. The Iver Johnson marked plastic butt plate is in very good condition. The action works OK. C&R.
- R. 120. **French Model Mle. 16 Carbine.** Serial # 50499. 8mm Lebel caliber bolt action rifle with an 18" barrel. The bore is poor, rusty and pitted. 5 round internal magazine. Carbine version of the Mle 16 infantry rifle. The Mle 16 was an improved version of the Mle 1907-15 and was one of the main infantry rifles of French forces in WWI. Made at the St. Etienne Arsenal in 1919. The stock and bolt numbers are matched to the barrel number. The metal finish on the barrel is in fair condition, it is a brown patina with surface rust. The blued metal finish on the receiver is in fair to good condition showing moderate to heavy wear with dings and scratches. The magazine, trigger guard and barrel bands show moderate to heavy wear with scratches and light surface rust. The walnut stock is in good condition showing dings, dents and dome heavier gouges. The cleaning rod channel has been filled. The handguard is in poor condition, it is broken into 3 parts held together by the mid-band. The action works fine. Requires a loading clip which is NOT included. Includes a leather sling and a bayonet with scabbard. C&R.

- R. 121. **Harrington & Richardson Model 088.** Serial # AZ452338. 12 Ga. single shot shotgun with a 27-1/2" barrel. The bore is very good, mostly clean with some stubborn wad fouling at the chamber end. It should clean to very good/excellent. The barrel is choked Modified. The chamber is 3". The blued metal finish on the barrel is in good condition showing scuffs and scratches with a haze of light surface rust. The receiver finish shows faded case colors with a haze of light surface rust. The plain hardwood stock and forearm are in very good condition showing some light dings and scratches with light finish wear. The action works fine. Made from 1979 to 1986.
- R. 122. **Japanese Model Type 38 Sporter.** Serial # 21032. 6.5x50 caliber bolt action rifle with a 24" barrel. The bore is fair, slightly dark with good, slightly worn rifling with frosting/fouling in the grooves. Originally made as a Japanese military rifle at the Kokura Arsenal between 1933 and 1940, the rifle was subsequently sporterized by cutting down the barrel, discarding the military stock, hand guard, barrel bands and military sights and placing the action in a full length Mannlicher style sporter stock. The blued metal finish on the barrel, receiver and trigger guard is a re-blue and is in very good condition showing little wear with some scattered light dings and scratches, mostly on the barrel. Original front and rear sights. Plastic butt plate. Swivels studs added with quick detach swivels. The action works fine. Made from 1935 to 1963. C&R.

- R. 155. **Japanese Model Type 38 Sporter.** Serial # 3753. .257 Roberts (?) caliber bolt action rifle with a 19-1/2" barrel. The bore is very good, mostly clean with slightly worn rifling with some light frosting/fouling in the grooves. Originally made as a Japanese military carbine at the Nagoya Arsenal with 6<sup>th</sup> Series markings. The rifle was subsequently sporterized by discarding the military stock, hand guard, barrel bands and military sights, re-chambering the rifle and placing the action in a sporter stock. The blued metal finish on the barrel, receiver and trigger guard is a re-blue and is in good condition showing un-even finish with wear, thinning, scratches and scattered light surface rust. The mum is lightly ground. The bolt handle has been altered; the bolt does not match the receiver. The plain walnut Bishop sporter stock with a black nose piece and a grip cap is in very good condition showing some scattered light marks. The plastic butt plate has some soiling. The action works fine. Includes a Redfield peep sight attached to the right rear side of the receiver. C&R.
- R. 156. **Armi Jager Model A.P. 74.** Serial # 27551. .22RF caliber semi auto rifle with a 21" barrel. The bore is excellent. Made in Italy. This is a rimfire AR-15 style rifle featuring a mahogany butt stock, hand guard and pistol grip. Detachable magazine. The blued metal finish on the barrel is in good condition showing some scratches. The black painted alloy upper and lower receiver are in good condition showing numerous dings and scratches. The plain mahogany pistol grip and handguard are in very good condition showing some light dings and scratches. The butt stock is in fair condition showing numerous dings and scrapes. The action works fine.
- R. 157A. **First of a lot of 2: Savage Arms Model Stevens 73.** Serial P548909. .22 Sh-L-LR caliber bolt action single shot rifle with a 20" barrel. The bore is excellent, clean and shiny. The blued metal finish on the barrel is in good condition showing little wear with a covering of light surface rust. The black finish on the grooved alloy receiver is in good condition showing some scattered light scratches. The plain hardwood stock is in very good condition showing little wear with some scattered light scratches. Original front and rear sights, the rear sight has light rust. Plastic butt plate. The action work fine. C&R.
- R. 157B. **Second of a lot of 2: J.C. Higgins Model 41-DLA.** Serial # NSN. .22 Sh-L-LR caliber bolt action single shot rifle with a 22" barrel. The bore is excellent. Made by Marlin for Sears, Roebuck, & Company. This gun features the Auto-Safe action that automatically goes on safety when the gun is cocked. The blued metal finish on the barrel is in fair condition with a covering of moderate surface rust. The blued metal finish on the grooved receiver is in good condition showing light edge wear with some light surface rust. The plain hardwood stock is in fair condition showing dings and scratches with heavy finish wear. The chrome plated trigger guard is very good. Plastic butt plate. The action works fine. C&R.
- R. 158. **J. Stevens Arms Model 66C Buckhorn.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 24" barrel. The bore is excellent, clean with strong rifling. 3/4 Length magazine tube. The blued metal finish on the barrel and magazine tube is in fair to good condition showing muzzle wear with light scratches and scattered light surface rust. The finish on the barrel has turned mostly brown. The blued metal finish on the receiver is in fair condition showing edge wear and thinning with scratches and scattered light surface rust. The finish is also turning brown. The black painted alloy trigger guard shows edge wear and scratches. The plain walnut stock with a black painted nose is in fair to good condition showing numerous dings and scratches with finish wear. Plastic butt plate. The action works fine. Includes a Weaver V22 scope in a side mount. C&R.
- R. 159. **Mossberg Model 46B-B.** Serial # NSN. .22 RF caliber bolt action rifle with a 26" barrel. The bore is excellent, clean with strong rifling. Full length tubular magazine. The blued metal finish on the barrel and receiver is in very good condition showing little wear with slight thinning and some scattered light scratches and light freckling. The dust cover is intact. The bolt shows faded case color. The blued metal finish on the magazine tube has a large patch of finish loss from older cleaned surface rust. The plain walnut stock is in good condition showing scattered scuffs and scratches with light finish wear. The black plastic trigger guard is in good condition with some light scratches, no warping. Original sling swivels. Original Mossberg flip front and rear sights along with the S-100 receiver mounted aperture sight. The action works fine. Includes a vintage Mossberg M4D scope with the proper mount and a leather sling. C&R.

- R. 160. **Mossberg Model 346BA.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Full length tubular magazine. The blued metal finish on the barrel is in good condition showing wear at the muzzle with surface rust along with some scattered light scratches and scattered light surface rust. The blued metal finish on the grooved receiver is in very good condition showing little wear with just a hint of some light freckling. Original hooded front sight and rear sight, the front sight has light surface rust. The receiver mounted peep sight is missing. The plain walnut stock is in good condition showing scattered scuffs and scratches with light finish wear. There is moisture damage at the butt end with heavier finish wear. Original sling swivels. The plastic trigger guard is slightly warped. The action works fine. Includes a Weaver V22-A3-6x20 scope mounted to the grooved receiver and a leather sling. Made from 1960-1966. C&R.
- R. 161. **Mossberg Model 342K.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with an 18" barrel. The bore is excellent, clean and shiny with strong rifling. Detachable magazine. Hinged black plastic fold-down fore-end. The metal finish on the barrel is mostly a brown patina and is in good condition showing little wear with scattered scuffs and scratches with scattered light surface rust. The blued metal finish on the grooved receiver is in good condition as well showing light edge wear with scuffs and scratches. It is beginning to turn brown. The floor plate and swivels show just a hint of some light surface rust. The plain hardwood stock has had extra finish added and is in good to very good condition showing scattered light dings scratches with light finish wear; there is a deep ding in the base of the pistol grip. The plastic folding nose portion of the stock is in very good condition showing some light scuffs and scratches. Original front and rear sights. The plastic trigger guard is not warped. The action works fine. The 342 series was made from Made from 1957 to 1971 with the Model 342K made from 1958-1960. C&R.
- R. 162. **Hungarian Model 43M.** Serial # B-1319. 8mm Mauser caliber bolt action military rifle with a 23-1/2" barrel. The bore is poor with heavy rust. The rifle was based on the German G98/40 and was made from 1943-1945 with some possibly made post-war as late as 1948. Main production was at FEG in Budapest with some production at Danuvia in Budapest. The rifle has been crudely sporterized by cutting back the stock and discarding the hand guard and barrel bands. It also appears to have been in a fire, the forearm is heavily charred. The blued metal finish on the barrel is in fair condition showing wear and thinning with scratches and scattered surface rust. The metal finish on the receiver and the floor plate/trigger guard has been cleaned to bare metal showing older cleaned surface rust. The cut back forearm is in poor condition having been charred in a fire. The butt stock has been stripped and shows light evidence of charring. Steel butt plate. The rifle is completely mis-matched. The action works fine. C&R.
- 163A. **First of a lot of 2: CMC Model Single Shot Percussion Pistol.** Serial # NSN. .44 caliber black powder percussion fired single shot screw barrel/boot pistol with a 3 1/2" smooth bore barrel. The bore is excellent. The finish on the steel barrel is in the white and shows a covering of moderate surface rust. The brass frame shows some tarnish. The hardwood grip is in good condition with some small dings and marks. Spur trigger. Brass ram rod stowed in eyes dovetailed to the barrel. The action works fine. Includes a wood display stand.
- 163B. **Second of a lot of 2: CMC Model Single Shot Percussion Pistol.** Serial # NSN. .44 caliber black powder percussion fired single shot screw barrel/boot pistol with a 3 1/2" smooth bore barrel. The bore is excellent. The finish on the steel barrel is in the white and shows a covering of moderate surface rust. The brass frame shows some tarnish. The hardwood grip is in good condition with some small dings and marks. Spur trigger. 2 brass eyes dovetailed to the barrel for a ramrod, which is missing. The action works fine. Includes a wood display stand.
164. **CMC Model Pepperbox.** Serial # NSN. .36 caliber percussion fired 4-barrel pepperbox pistol with 3-1/4" barrels. The bores are very good, mostly clean with a haze of fine rust. Modern reproduction, probably made from a kit. The steel barrels have been cold blued and show wear and thinning with scattered dings. The brass frame has been blackened and shows wear and dings. The wooden grips are in good to very good condition showing dings and finish wear. The hammer works, but the barrels do not index, I believe they must be advanced manually.

165. **CMC Model Snake Eyes.** Serial # C00245. .36 Cal. percussion fired 2 barrel derringer style pistol with 3" brass barrels. The bores are excellent, clean with no corrosion. The single trigger will fire barrels in sequence or both together with a full pull. The brass frame/barrel group is in very good condition showing little to no wear with slight oxidation. The blued metal finish on the hammers are trigger guard is in very good to excellent condition showing little wear. The faux Mother of Pearl plastic grips are in good condition showing yellowing and scattered blemishes. The action works fine. Includes a wood display stand.
- R. 166. **Burgo Model 106 Revolver.** Serial # 50316. .22 LR caliber double action revolver with a 6" barrel. The bore is excellent, clean with strong rifling. 8 shot swing-out cylinder. Resembles a High Standard Sentinel. Made in West Germany in 1963. The blued metal finish on the barrel is in good condition showing muzzle wear with wear along the right side as well as thinning and scattered light scratches. The blued metal finish on the fluted cylinder is in good condition showing edge wear, thinning and scratches along with some scattered light rust and a light drag line. The black finish on the alloy frame is in good to very good condition showing light edge wear with scuffing/scratches on the recoil shield. The disc with the makers info is missing from the left side. The checkered brown plastic grips are in very good condition showing light wear and light scratches. Fixed sights. The action works fine. C&R.
- R. 167A. **First of a lot of 2: Harrington & Richardson Model 1906.** Serial # 39503. .22 RF caliber solid frame double action revolver with a 2½" octagon barrel. The bore is fair with light pitting. 7 shot cylinder. The nickel finish on the barrel, frame and cylinder is in poor to fair condition showing heavy wear and flaking with the underlying metal having turned brown. The blued trigger guard is in good condition showing spots of older cleaned surface rust. The checkered hard rubber grips are in very good condition showing little wear. The action works fine. C&R.
- R. 167B. **Second of a lot of 2: Rohm Model RG10.** Serial # 20704. .22 Short caliber double action revolver with a 2-1/2" barrel. The bore is very good, clean with strong rifling. Made in Germany in 1964. Steel barrel and cylinder with an alloy frame. The black finish on the barrel is in good condition showing scratches and scattered surface rust. The black finish on the fluted cylinder is in good condition showing light edge wear with light scratches and some fine surface rust. The black finish on the alloy frame is in very good condition showing little wear with some light scratches. The checkered white plastic grips are in good condition showing light wear with light soiling. The ejector rod is missing. The action works OK. C&R.
- R. 168. **Page-Lewis Model D.** Serial # NSN. .22 LR caliber manually cocked single shot bolt action boy's rifle with a 20" round barrel. The bore is poor with rust and corrosion. Irwin Page and George S. Lewis were officers of the J. Stevens Arms Company who left when Savage took over Stevens. They promptly founded the Page-Lewis Arms Co. in Chicopee, MA in 1921. The company operated until Page died unexpectedly in 1924. The company was sold to Savage soon after. The metal finish on the barrel and receiver is a brown patina with traces of remnant finish which looks like black paint. The plain walnut stock is in fair condition, a former owners initials have been carved into the butt and crudely filled with epoxy. Made without a butt plate. Original fixed sights. The Action works fine. C&R.
- R. 169. **Vickers Armstrong Model Jubilee.** Serial # 9743. .22 LR caliber single shot target rifle with a 28" heavy barrel. The bore is excellent, clean with strong rifling. Made in England, the rifle features a Martini type action. Vickers was formed c. 1828 and evolved into a major arms producer. The Vickers-Armstrong name came about in 1927 after a merger with Armstrong Whitworth. The Martini action target rifle stayed in production into WWII. The blued metal finish on the barrel/receiver is in good condition showing thinning and scratches with some scattered light surface rust. The front sight and the target sight attached to the rear of the receiver are missing. The blued metal finish on the trigger guard shows edge wear and scratches with scattered light surface rust. The lever is worn to bare metal. The checkered walnut target stock is in fair to good condition showing numerous dings and scratches with 9 holes for various sling mounts and hand rests that are no longer present. The butt is fitted with a deteriorating red rubber recoil pad. The action works fine. C&R.

- R. 170. **Springfield Armory Model 1898 Krag Sporter.** Serial # 416975. .22 Hornet caliber bolt action rifle with a 24" barrel. The bore is excellent, clean with strong rifling. The rifle started life as a US Model 1898 Krag military rifle made in 1903 that was subsequently sporterized by re-barreling the action, modifying the bolt head and extractor, modifying the magazine assembly and placing the action in a sporter stock. The rifle appears to be set up as a single shot, but the magazine well has not been blocked. The metal finish on the barrel and receiver has been aggressively cleaned to bare metal showing remnant older cleaned surface rust. The receiver has 6 holes on the left side from a former side scope mount. The magazine loading door has been removed and covered with a plate. The trigger guard is rusty. The Herters plain walnut sporter stock with a black nose piece and a grip cap is in very good condition showing some light marks from use with light finish wear. Plastic butt plate. Sling swivels. The action works fine. Includes a leather ling. C&R.
- R. 171. **Steyr Budapest Model M95 Carbine.** Serial # 1095. 8x56R caliber straight pull bolt action rifle with a 20" barrel. The bore is very good, mostly clean with strong rifling with some light fouling in the grooves. The receiver is has a worn crest and is marked "M95", the side of the receiver is marked "Budapest 1914". The chamber is "S" marked indicating it was converted from 8x50R to 8x56R. The barrel is proofed Wn-20. The barrel and receiver are matched, the bolt is not. The stock is force-matched. The blued metal finish on the barrel, receiver and magazine housing is in very good condition showing light edge wear with scratches and light surface rust near the muzzle. The walnut stock and hand guard are in very good military condition, they have been cleaned and show only a few minor marks from use. The hand guard has an arsenal repaired crack. There is a sling swivel slot in the butt that has been filled. The action works fine. Used by several nations during WWI. Produced from 1896 until 1920. C&R.
172. **Thompson-Center Model Impact Inline.** Serial # VDY0480. .50 caliber black powder inline muzzleloading rifle with a 26" barrel. The bore is very good, mostly clean with strong rifling, no rust. Uses a 209 shotgun primer for ignition. The matte stainless steel finish on the barrel is in very good to excellent condition showing little wear with a few light scuffs. The black finish on the breech block is in excellent condition showing little sign of use. The synthetic stock and forearm with a Realtree hardwoods camo pattern are in excellent condition with minimal wear. Black rubber recoil pad and sling swivel studs. Front and rear fiber optic sights. The action works fine. Includes the original box with the instructions, a black padded nylon sling and the ramrod.
- R. 173. **E. R. Amantino - Stoeger Model Condor I.** Serial # 182200-07. .410 Ga over/under shotgun with 26" ventilated rib barrels. The bores are excellent, clean and shiny. The barrels are both choked Full. The chambers are 3". Made in Brazil. Non-Selective Single trigger with extractors. The blued metal finish on the barrels is in very good to excellent condition showing little wear with some scattered light scuffs on the rib. The blued finish on the steel receiver is in very good to excellent condition showing little wear with some light scuffs and blemishes. The checkered walnut stock and forearm are in excellent condition showing little wear. Black rubber recoil pad with an LOP of 14-1/4". The action works fine.
- R. 174. **Marlin Model 60.** Serial # 02231084. .22 LR caliber semi auto rifle with a 22" barrel. The bore is poor, the last foot or so of the barrel has heavy corrosion and pitting. Full length tubular magazine. Made in 1998. The blued metal finish on the barrel and magazine tube is in very good condition showing little wear with some scattered light scratches and scattered spots of light surface rust. The black finish on the grooved alloy receiver is in very good condition as well showing scratches along the scope rail. The checkered hardwood stock is in excellent condition showing little sign of use. Plastic butt plate. Original front and rear sights. The action works fine.
- R. 175. **Boito Model Over/Under.** Serial # 2161. 12 Ga double barrel O/U shotgun with 28" barrels. The bores are very good to excellent. The barrels are both choked Modified and Imp. Mod. The chambers are 2-3/4". Made in Brazil. Double triggers and extractor only. The blued metal finish on the barrels is in good condition showing thinning and scratches with scattered spots surface rust along the right side of the top barrel. The blued finish on the lightly engraved receiver shows light edge wear with scuffs and scratches. The checkered hardwood butt stock and matching forearm have had extra finish added and are in good to very good condition showing little wear with some light scratches. Red rubber recoil pad. The action works fine.

- R. 176. **Savage Arms Model Edge.** Serial # H047304. .22-250 Rem. caliber bolt action rifle with a 22" barrel. The bore is excellent, clean with strong rifling. This rifle features a 4 shot detachable magazine and a synthetic camo stock. The Edge was very short lived, the model was changed to Axis with some refinements after only 1 year. The matte black finish on the barrel and receiver is in excellent condition showing little to no wear with a few light scuffs. The black synthetic stock with textured gripping panels is in excellent condition showing little to no sign of use. Black rubber recoil pad. Sling swivel studs. The action works fine. Includes a Bushnell 3-9x40 scope and the instructions. Made from 2010 to 2011.
- R. 177. **Savage Model 110.** Serial # 10199. .243 Win. caliber bolt action rifle with a 22" barrel. The bore is excellent, clean with strong rifling. This is an early first or second year gun, the date code looks like 11I (1957), but more likely 11J (1958). Although 1958 is published as the first year of production, some guns were made as early as late 1957. Tang mounted safety. The blued metal finish on the barrel is in very good condition showing little wear with some scattered spots of surface rust along with some scattered scratches. The blued metal finish on the receiver is in excellent condition showing little to no wear. The black finish on the alloy floor plate and trigger guard is in good to very good condition with some scuffs and scratches. The checkered walnut stock is in very good to excellent condition showing some scattered light dings and scratches. Grooved metal butt plate. Original front and rear sights, the rear sight shows some light rust and the elevator is missing. Sling swivel studs. The action works fine. Includes Weaver style bases. C&R.
- R. 178. **Savage Arms Model 93R17.** Serial # 0725043. .17 HMR caliber bolt action rifle with a 21" heavy barrel. The bore is excellent, clean with strong rifling. 5 shot detachable magazine. Made without sights. The blued metal finish on the barrel is in excellent condition showing little to no sign of use. The blued metal finish on the receiver is in very good condition showing little to no wear with some scattered freckling. The red/brown laminated wood thumbhole stock with a ventilated forearm is in excellent condition showing little use. Black rubber recoil pad. The action works fine. Includes a BSA 6-18x40 scope mounted to Weaver style bases and a Harris style bipod.
- R. 179. **Winchester Model 101 Lightweight.** Serial # K498665E. 12 Ga. over/under shotgun with 27" ventilated rib barrels. The bores are excellent, clean and shiny. The barrels accept screw-in choke tubes, a Skeet and Imp. Cyl. tube are installed. The chambers are 3". Made in Japan in the mid-1980's. Single selective trigger with automatic ejectors. The blued metal finish on the barrels is in excellent condition showing little to no wear. The engraved silver coin finished frame with game birds engraved on the sides and underside and is in excellent condition as well showing little to no wear. The satin finished checkered walnut forearm and matching butt stock are in excellent condition showing little sign of use. Original thin brown rubber recoil pad with an LoP of 14". The action works fine and is tight. Includes a soft case with extra choke tubes and a wrench.
- R. 180. **Springfield Armory Model XD's-45 3.3 Compact.** Serial # S31963126. .45 ACP caliber compact striker fired semi auto pistol with a 3-3/16" barrel. The bore is excellent, clean and shiny with strong rifling. 5 round detachable magazine. This pistol features a matte finished steel slide and a black polymer frame. The matte black finish on the steel slide is in excellent condition showing just a hint of some light holster wear. The polymer frame with integral grips and an accessory rail is in excellent condition as well showing little to no wear. 3 dot sights with fiber optic front bead. The action works fine. Includes the original black plastic case, no instructions, with a spare magazine, a leather holster, a hard shell holster and a cleaning brush.
- R. 181. **Mountain Competition Pistols Model 1911 Match.** Serial # MCP116A. .45 ACP caliber match pistol with a 5" barrel. The bore is excellent, clean and shiny. 8 round detachable magazine. MCP is a manufacturer and accurizer of competition target pistols located in Tannersville PA. The pistol is based on a 1911 design with accuracy enhancements for match shooting. The blued metal finish on the steel slide is in excellent condition showing just a hint of some light edge wear. The slide has taken on a slight plum hue. The black finish on the steel frame is in excellent condition showing little sign of use. The laser stippled walnut grips are in excellent condition showing little sign of use. The action works fine. Includes an Aimpoint Micro H-1 red dot sight on a proprietary mount and a hard case with 3 spare magazines.

- R. 182. **Remington Model 11-87 Special Purpose.** Serial # PC696596. 12 Ga. semi auto shotgun with a 28" ventilated rib barrel. The bore is excellent, clean and shiny. The barrel accepts screw-in choke tubes, a Modified tube is installed. The matte black finish on the barrel is in very good condition showing little wear with some scattered light rust on the rear portion of the rib. The matte black finish on the receiver is in good condition showing scattered scuffs and scratches with some scattered light surface rust. The gloss finished checkered walnut stock with a black nose piece and a grip cap is in excellent condition showing little sign of use. Original front and rear sights including the front hood. Plastic butt plate. The action works fine.
- R. 190. **Remington Model 1900.** Serial # Q363620. 12 Ga. double barreled shotgun with 28” barrels. The bores are fair, mostly clean with some light roughness and light pitting. The bores are choked Full and Imp. Mod. Double triggers and extractors. The blued metal finish on the barrels is in good condition showing light muzzle wear with thinning, scratches and carry wear at the breech end that has turned brown. There are some light dings in the left barrel. The metal finish on the receiver is mostly a blotchy blue/black patina with bare metal around the recoil shields/fences. The checkered forearm and matching stock are in very good condition showing some scattered light dings and scratches. The original plastic butt plate is in very good condition showing slight wear. The action works fine and is tight. Made from 1900-1910. C&R.
- R. 191. **Winchester Model 94.** Serial # 1298012. .30-30 Win. caliber lever action rifle with a 20” round barrel with a full-length magazine tube. The bore is excellent. Made c. 1943-1944. The blued metal finish on the barrel and magazine tube is in very good condition showing light muzzle wear with some scattered light scratches. The blued metal finish on the receiver and lever is in very good condition showing light edge wear and light carry wear with scattered light scratches and a small ding on the left side at the top. The plain walnut forearm and matching butt stock have been lightly refinished and are in very good condition showing a few light marks from use. Original front and rear sights including the front hood. Non-factory brown rubber recoil pad. The action works fine. C&R
- R. 192. **L.C. Smith Model Field Grade.** Serial # 21083. 16 Ga. double barrel shotgun with 28” barrels. The bores are excellent, mostly clean and shiny with some light fouling. The barrels are both choked Full. Made c. 1947. Double triggers with extractors. The blued metal finish on the barrels is in fair condition showing thinning along both sides with carry wear at the chamber end. The frame is a gray patina with traces of case color visible. The trigger guard is a brown patina with edge wear, the lower tang is worn to bare metal. The checkered walnut forearm is in good to very good condition showing finish wear. The butt stock is in fair condition showing dings and cracks in the wrist along with scratches, flaking finish and finish wear. The plastic butt plate has a chip out of the toe. The action works fine and the lock-up is tight. C&R.
193. **Hoppe’s Ethan Allen Model Pepperbox.** Serial # P07898. .36 caliber black powder percussion fired 6 shot pepperbox pistol with 3-3/4” rotating barrels. The bores are excellent, clean and shiny. The blued metal finish on the barrels is in very good to excellent condition showing just a hint of some slight thinning. The blued metal finish on the frame and hammer is in very good condition showing little wear, the finish has taken on a slight plum hue. The plain walnut grips are in very good condition showing little wear. The action works OK.

- R. 194. **Heritage Model Rough Rider Convertible.** Serial # F69538. .22 LR/.22 Mag. caliber dual cylinder single action revolver with an 6-1/2" barrel. The bore is excellent, clean with strong rifling. Made in the USA. 6 shot fluted cylinder. The gray Cerakote finish on the barrel is in excellent condition showing little wear. The gray Cerakote finish on the cylinder is very good to excellent showing little wear with a very light drag line. The gray Cerakote finish on the frame is in very good condition showing little wear; there are some underlying rough spots on the front portion of the frame. The laminated wood grips are in excellent condition showing little wear. Fixed sights. The action works fine. Includes the box with the instructions, the spare cylinder and a gun lock.
- R. 195. **Savage Arms Model 110C.** Serial # E738175. 7mm Rem. Mag. caliber bolt action rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Made in the mid-1980's. Blind magazine. Tang mounted safety. The blued metal finish on the barrel is in very good condition showing little wear with a few scattered light dings and scratches. The blued metal finish on the receiver is in very good condition showing light edge wear with some fine scratches. The plain hardwood stock with a contrasting nose piece has had extra finish added and is in good to very good condition showing some scattered light scuffs and scratches. Non-factory black rubber recoil pad. Made without sights. Sling swivel studs. The action works fine. Includes Redfield 3-9x40 scope with Weaver style bases.
- R. 196. **Italian Carcano Model M1941.** Serial # AS9464. 6.5x52mm Carcano caliber bolt action rifle with a 27" barrel. The bore is very good, mostly clean with strong rifling with some light fouling in the grooves. The M1941 was the last of the Carcano series of military rifles that began in 1891. The markings have been partially scrubbed; the actual manufacturing arsenal is unknown. The blued metal finish on the barrel and receiver is in good to very good condition showing thinning and scratches on the barrel with edge wear on the receiver. The magazine body/trigger guard shows edge wear with scratches. The full-length military stock is mis-matched to the receiver; it is in very good condition showing scattered dings and scratches. It has a faint unreadable cartouche on the left side of the butt. The matching hand guard is in very good condition as well, no cracks. Original military sights. The rifle is import marked on the barrel. The action works fine. The rifle requires a loading clip for firing which is NOT included. Includes the cleaning rod and a leather sling. C&R.
- R. 197. **Japanese Model Arisaka Type 99 Short Rifle.** Serial # 86024. 7.7mm Arisaka caliber bolt action rifle with a 26" barrel. The bore is very good, clean with strong, slightly worn rifling. Made at the Toyo Kogyo Arsenal with 31<sup>st</sup> Series markings between 1939 and 1945. The bolt parts are matched with themselves, but mis-matched to the receiver. The nose band is not numbered. The metal finish on the barrel and receiver is a brown patina with surface rust with some moderate pitting on the receiver. The finish on the floor plate is a dull gray patina, the trigger guard is a dark gray patina with roughness. The mum has been ground. Standard mid-band with the anti-aircraft type ladder rear sight, the extendable wings are missing. The hardwood stock and hand guard are in good military condition showing dings, dents and scratches. The cleaning rod is missing. The action works fine. C&R.
- R. 198. **Auto Ordnance Model US M1 Carbine.** Serial # ME0610. .30 M1 Carbine caliber semi auto rifle with an 18" barrel. The bore is excellent. This is a modern reproduction of the US M1 Carbine. Made in the USA. The rifle is a faithful reproduction of an early war USGI carbine. 15 shot detachable magazine. The matte black parkerized finish on the barrel is in very good to excellent condition showing some light scuffs and scratches with just a hint of a light haze of fine surface rust near the muzzle. The satin black finish on the receiver, bolt, trigger group and op rod is in very good condition showing light edge wear and some light scuffs/scratches. The plain walnut stock and handguard are in very good to excellent condition showing some scattered light dings and scratches. Carbine flip type rear sight. The action functions fine.

- R. 199. **Swiss Schmidt Rubin Model K31 Carbine.** Serial # K3112174. 7.5x55mm Swiss caliber bolt action rifle with a 26" barrel. The bore is excellent. Made in Switzerland. Unique straight pull action with a 6 shot detachable magazine. The last of the Schmidt Rubin series of military rifles. Made in 1944. The original blued military finish on the barrel is in fair to good condition showing wear and thinning with scratches. The blued finish on the receiver is in good condition showing edge wear, thinning and scratches. The floor plate/trigger guard shows edge wear with light scratches. The hardwood stock is in poor condition, the comb looks like it was chewed on by a Swiss mountain goat. The hand guard is in good condition showing dings and scratches, no cracks. Import marked on the receiver. All matching numbers. The action works fine. Made from 1933 to 1958 and stayed in Swiss military service until 1970. Includes a leather sling. C&R.
- R. 200. **Remington Model 1901 Rolling Block.** Serial # NSN. 7x57mm Mauser caliber single shot rifle with a 30" barrel. The bore is good, mostly clean with good rifling with some frosting in the grooves. Made for a military contract, probably South American. The metal finish on the barrel is in fair condition, it is a brown patina showing scratches and a covering of light to moderate surface rust, it is worn to near bare metal at the muzzle. There is some pitting along the wood line. The receiver is a brownish gray patina with edge wear and scratches along with light surface. The mid barrel band is heavily pitted. The walnut stock, forearm and handguard are in fair to good condition with numerous dings and scratches. The butt stock is slightly loose. The nose band is worn to near bare metal. The steel butt plate is a worn brown patina. The cleaning rod is present. The action works fine. C&R.
- R. 201. **Savage Arms Model 311A.** Serial # NSN. .410 Ga. double barrel shotgun with 26" barrels. The bores are excellent, clean and shiny. The barrels are both choked Imp. Mod. Double triggers with extractors. Made in 1960. The blued metal finish on the barrels is in very good to excellent condition showing little wear with some scattered fine scratches. The receiver shows faded case color with light edge wear along with some spots of older cleaned surface rust. The underlying metal is a dark gray patina. The plain hardwood forearm and matching butt stock are in excellent condition showing little wear. Original plastic butt plate with an Lop of 14-1/8". The action works fine and the lock-up is tight. C&R.
- R. 202. **J.C. Higgins Model 103.228.** Serial # NSN. .22 Sh-L-LR caliber bolt action single shot rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Made by Marlin for Sears, Roebuck, & Company. Detachable magazine. The blued metal finish on the barrel is in fair to good condition showing light muzzle wear with a covering of light surface rust. The blued metal finish on the grooved receiver is in good condition showing light edge wear with scratches and some light surface rust. The plain hardwood stock has had extra finish added and is in good condition showing scattered light scuffs and scratches. The plastic trigger guard shows light dings and scratches. Plastic butt plate. The action works fine. C&R.
- R. 203. **Ruger Model GP100.** Serial # 175-87093. .357 Magnum caliber double action 6 shot revolver with a 6" barrel. The bore is excellent, clean with strong rifling. Made in 2010. The stainless steel finish on the barrel is in excellent condition showing little wear. The stainless steel finish on the fluted cylinder is in excellent condition as well showing little sign of wear with a faint drag line. The stainless steel finish on the frame is in excellent condition showing little to no sign of use. The textured black rubber finger groove factory grips are in excellent condition showing little to no use. Adjustable rear sight. The action works fine. Includes the original gray plastic case with the instruction packet.

- R. 204. **Italian Model M91 Carcano Moschetto TS.** Serial # BG8003. 6.5x52mm Carcano caliber bolt action rifle with an 17-1/2" barrel. The bore is very good, mostly clean with strong rifling with some light fouling/frosting in the grooves. Made at the Brescia Arsenal in 1918. Early mid-60's import mark on the receiver. The blued metal finish on the barrel and receiver is in good condition showing muzzle wear and edge wear with slight thinning along with scattered scratches. The magazine housing/trigger guard shows edge wear and scratches with a slight brownish patina. The plain walnut stock and handguard are in very good military condition with some minor marks from use, no cracks or repairs. The stock number is matched to the receiver. There is an FAT 1947 (Terni) cartouche on the left side of the butt. The action works OK. Requires a loading clip which is not included. The M91 Moschetto TS was made from 1898 until 1919. C&R.
- R. 205. **Winchester Enfield Model M1917.** Serial # 300414. .30-06 caliber bolt action rifle with a 26" barrel. The bore is very good to excellent, clean with strong rifling. The rifle was made in February, 1918. The Winchester barrel is dated 5-18. The satin black arsenal finish on the barrel and receiver is in good very condition showing light edge wear with some light scratches. The front sight ears show heavier edge wear. The trigger guard and floor plate show edge wear and scratches with heavier wear on the trigger guard. The barrel bands show wear and thinning with scratches. The small parts are mostly "R" (Remington) "E" (Eddystone) marked. Springfield Armory eagle inspection mark on the bolt release. The walnut stock and hand guard is in excellent condition showing some light marks. The nose of the stock is stamped "R" with a smaller "W". There is a small "RA" stamp on the left side of the butt. The action works fine. C&R. Includes a Model 1917 bayonet and scabbard made by Remington. C&R.
- R. 206. **US Remington Model 1903-A3.** Serial # 3846462. .30-06 caliber bolt action rifle with a 24" barrel. The bore is fair, it is mostly clean with a patch of corrosion at mid-bore. The rifle was made in August, 1943. The RA barrel is dated 5-43. The rifle looks like a former parade rifle, the receiver and barrel are chrome plated. The chrome finish on the barrel and receiver is in good condition, it is flaking in spots and shows some scattered light dings and scratches. The black finish on the bolt shows light action wear with some light scuffs and scratches. The striker assembly is chrome plated. The bolt handle is marked B&S (Brown & Sharpe). The arsenal finish on the floor plate and trigger guard shows wear and thinning with scratches. The matte black finish on the barrel bands shows light scuffs and scratches. The plain walnut straight grip stock and the handguard are in very good condition showing some scattered dings and scratches with light finish wear. The butt plate is painted black and there is a small repair at the heel. Original military sights. The action works fine. Includes an OD Green canvas web sling. C&R.
- R. 207. **Springfield Armory Model 1899 Krag Carbine.** Serial # 227091. .30-40 Krag caliber bolt action rifle with a 22" barrel. The bore is very good, mostly clean with good, slightly worn rifling with some light frosting in the grooves. Made in 1900. The receiver is marked 1899. The metal finish on the barrel is a brownish patina with light surface rust, it is in good condition. The receiver and left side plate is a silvery patina that looks like it may have been chrome or nickel plated. The magazine door is blued and shows edge wear and thinning with older cleaned light surface rust. The trigger guard shows heavy wear and has a slight brown patina. Single barrel band with a retainer spring on the right side. The walnut stock and handguard appear to be correct for a carbine. The stock has a nice J..A. 1899 cartouche with a script circle "P" proof. There are filled swivels holes in the butt and forearm. The 1901 style rear sight is marked with a "C". Front sight hood. The action works fine. C&R.

208. **Remington Model No. 1 Rolling Block Military Rifle.** Serial # NSN. .43 Spanish (?) caliber single shot rifle with a 35" barrel. The bore is very good, mostly clean with strong rifling with some light fouling. The receiver bears a P/FCW with an anchor marking indicating that it originally may have been made as a US Navy Model 1867 Carbine. However, the caliber and barrel length are not correct for a Navy Carbine, it may have been surplused out and rebuilt. The metal finish on the barrel is a blotchy brown/dull gray patina with thinning, dings and scratches along with scattered pitting. The barrel is stamped .43. The barrel bands are a worn brownish gray patina. The metal finish on the receiver is a worn gray patina with a slight bronze tint. The surface is rough with scattered pitting. The walnut stock and forearm have been refinished and are in good military condition showing some remnant dings and dents. The action works OK. The cleaning rod is missing. The caliber must be verified before any attempt at firing.
- R. 209. **Japanese Model Arisaka Type 38.** Serial # 1051774. 6.5x50mm caliber Japanese caliber bolt action rifle with a 31-1/2" barrel. The bore poor, dark with rust heavy frosting; there is visible rifling. Made at the Koishikawa Arsenal in Tokyo in the early 1920's. No series markings, the receiver has the "B" proof. The bolt body appears to be matched to the receiver, the nose band is not. The blued metal finish on the barrel and receiver is in very good condition showing slight thinning with light edge wear and scattered light scratches. The blued floor plate shows thinning with scratches. The trigger guard is a brown patina with wear and scratches. The military stock and handguard have been cleaned and are in very good military condition showing a few scattered light dings and scratches and finish wear. The mum is intact. Original military sights. Steel butt plate. The action works fine. The cleaning rod is missing. Includes a Toyoda Jidoshoki Seisakusho (Toyoda Automatic Loom Works) bayonet and scabbard. C&R.
- R. 210. **Remington Model 1900.** Serial # 327878. 12 Ga. double barreled shotgun with 30" barrels. The bores are poor, dirty with heavy pitting. The bores are choked Imp. Mod. And Imp. Cyl. Double triggers and extractors. The blued metal finish on the barrels is worn to a bar gray patina showing scratches and widely scattered light surface rust. The metal finish on the receiver is brownish gray patina with edge wear and carry wear. The checkered walnut forearm has been refinished; the checkering is almost completely gone. The matching checkered walnut butt stock has also been refinished and shows heavy wear to the checkering with some scattered light scratches. Red rubber recoil pad. The action works fine and is tight. Made from 1900-1910. C&R.
- R. 211. **Remington Model 512.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 25" barrel. The bore is excellent. The barrel has 2 date code. 1950 and 1951 indicating that it was made in 1950 and may have went back to Remington for a repair in 1951. Tubular magazine. The blued metal finish on the barrel is in good condition showing light muzzle wear with some scattered light scratches and scattered spots of light surface rust. The blued metal finish on the receiver is in good condition showing edge wear and thinning with some scattered light surface rust. The bolt body shows some case color. The plain walnut stock is in good to very good condition showing scattered light scuffs, scratches finish wear. Plastic butt plate. The action works fine. Made from 1940 to 1962. C&R.
- R. 212. **Winchester Model 12.** Serial # 712375. 16 Ga. pump action shotgun with a 26" solid rib barrel. The bore is excellent, clean and shiny. The barrel is choked Modified. The chamber is 2-3/4". Made in 1936. The blued metal finish on the barrel is a re-blue and is in good condition showing light muzzle wear and scattered scratches. The finish has taken on a plum hue and the markings show evidence of buffing. The magazine tube shows moderate action wear. The blued metal finish on the receiver and receiver extension is a re-blue and is in very good condition showing little wears with some scattered light scratches. The grooved walnut forearm and matching plain butt stock are in very good condition showing little wear with some minor marks from use. The plastic butt plate is missing, a laced-on leather recoil pad is installed. The LoP to the end of the wood is about 13". The action functions fine. C&R.

- R. 213. **Winchester Model 88.** Serial # 160650A. .308 Win. caliber lever action rifle with a 22" barrel. The bore is poor to fair, it is generally clean with a patch of rust and corrosion at mid-bore. Made in 1965. Detachable magazine, the bottom of the magazine shows wear and rust. The blued metal finish on the barrel is in good condition showing slight thinning with scattered scratches and scattered spots of light surface rust. The blued metal finish on the receiver is in very good condition showing light edge wear with some scattered light scratches. The lever shows thinning and edge wear with scattered light surface rust. The checkered walnut stock is in very good to excellent condition showing little wear with a few minor marks. Original front sight including the hood with a flip down rear sight. Plastic butt plate. The action works fine. Includes a Tasco Pronghorn 3-9x32 scope mounted to a Weaver style rail and a camo nylon web sling. Made from 1955 to 1973. C&R.
- R. 214. **Winchester Model 12.** Serial # 937153. 12 Ga. pump action shotgun with a 21" plain barrel. The bore is excellent, clean and shiny. The barrel is choked Cylinder. The chamber is 2-3/4". Made in 1942. The barrel number matches the receiver. The blued metal finish on the barrel is in very good condition showing light muzzle wear with some light rust at the muzzle and some scattered light scratches. The magazine tube shows light action wear. The blued metal finish on the receiver and receiver extension is in very good to excellent condition showing little wears with some scattered fine scratches. There is some damage at the barrel/frame junction. The grooved walnut forearm is in excellent condition showing little sign of use. The matching plain butt stock is in good to very good condition showing scattered light dings and scratches. Plastic butt plate with an LoP of 14". The action functions fine. C&R.
215. **CVA – ASM Model 1851 Navy Revolver.** Serial # 13874. .36 caliber black powder percussion fired 6 shot revolver with a 7½" octagon barrel. The bore is excellent, clean and shiny with strong rifling. Made in Italy. The metal finish on the barrel and loading lever has been browned and is in good condition showing thinning and edge wear with some fine scratches. The metal finish on the engraved cylinder is in the white and shows some scattered light surface rust. The brass frame and grip frame are in very good condition showing dulling with slight oxidation. The plain hardwood grips are in very good condition showing slight wear. The action works fine.
- R. 216. **CMC Model Duck Foot.** Serial # NSN. .36 Cal percussion fired 3 barreled "duck foot" pistol with 4" barrels. The bores are good. No significant rust. Spur trigger. Similar to guns and kits made by Classic Arms. The barrels and frame have been coated with a bronze paint/Cerakote finish showing little wear. The hardwood grip is crudely finished and in fair condition with a repaired chip behind the trigger. The action works fine.
217. **CMC Model Single Shot Percussion Pistol.** Serial # NSN. .44 caliber black powder percussion fired single shot screw barrel/boot pistol with a 3½" rifled bore barrel. The bore is very good. The finish on the steel barrel and receiver is a bronze paint/Cerakote finish showing little wear. The hardwood grip is in good condition with some small dings and marks. Spur trigger. 2 brass eyes dovetailed to the barrel for a brass ramrod. The action works fine.
- R. 218. **Ruger Model Standard.** Serial # 53777. .22 LR caliber semi auto pistol with a 4-3/4" barrel. The bore is excellent. Made in 1953. 10 shot detachable magazine. Fixed sights. The original blued metal finish on the barrel is in very good condition with slight muzzle wear and some fine scratches. The blued finish on the receiver is in very good to excellent condition showing light edge wear with some light scuffs and fine scratches. The grip frame is in good condition showing thinning on the front and rear grip straps which is turning slightly brown. The original black plastic grips are in very good condition with some minor marks from use. The action works fine. Includes a leather holster. C&R.

- R. 219. **Marlin Model 80-DL.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Detachable magazine. The metal finish on the barrel and receiver is in fair condition; it is a dull blotchy gray/brown/black patina that looks like an old cold blue showing thinning with scattered light scratches. The chromed bolt handle is in very good condition. The plastic trigger guard is in good condition showing some scratches. The floor plate shows edge wear with scratches. The plain hardwood stock has been refinished and is in very good condition showing some scattered light marks. There is a round contrasting wood inlay in the right side of the butt. Sling swivels. The stock bullseye is intact. Remington marked plastic butt plate. Original front sight missing the hood. The rear sight has been removed and the dovetail filled with a blank. The receiver mounted peep sight is missing. The action works OK. Includes a Tasco 4x20 scope mounted to the grooved receiver. C&R.
- R. 220. **Anderson Manufacturing Model AM-15.** Serial # 20159869. .350 Legend caliber semi auto rifle with a 18" barrel. The bore is excellent. Detachable magazine NOT included. The barrel twist is 1:14. AR-15 type rifle featuring a flat top upper, free float aluminum handguard and a collapsible butt stock. The matte black finish on the aluminum M-Lok hand guard and upper/lower receiver is in excellent condition showing little sign of use. The checkered black synthetic pistol grip and collapsible butt stock are in excellent condition showing little wear. The action works fine. Includes a soft black tactical case with 2 padded slings in the side compartment.
- R. 221. **Freedom Arms Model 83.** Serial # D20967. .454 Casull/.45 Colt caliber single action dual cylinder revolver with a 6" barrel. The bore is excellent, clean and shiny. All stainless steel construction. 5 shot cylinder. The matte stainless steel finish on the barrel is in very good to excellent condition showing little wear with some light scuffs. The stainless steel finish on the un-fluted cylinder is in excellent condition showing little use with virtually no drag line. The stainless steel finish on the frame is in excellent condition showing little wear with some light scuffs. Adjustable rear sight. The smooth rosewood grips are very good to excellent showing little wear. The action works fine. Includes the .45 Colt cylinder in a leather pouch and the instructions.
- R. 222. **Glock Model 41 Competition.** Serial # BVEK955. 45 ACP caliber Gen. 4 semi auto pistol with a 5.31" barrel. The bore is excellent. Made in Austria. 13 round detachable magazine. Similar to the Model 21 with a longer barrel, re-calibrated trigger and adjustable night sights. The matte black metal finish on the steel slide is in excellent condition showing little wear. The polymer frame with integral textured grips and an accessory rail is in excellent condition as well showing little to no wear. The action works fine. Includes the original black plastic box with the instruction packet, 2 spare magazines, a mag loader, a cleaning brush, extra back straps and a gun lock.
- R. 223. **Smith & Wesson Model 629-7 Performance Center Hunter.** Serial # DMB1093. .44 Magnum caliber double action revolver with a 7-1/2" compensated barrel (Total length with compensator is 8-3/4"). The bore is excellent, clean with strong rifling. Custom contoured barrel with an integrally machined accessory rail. 6 shot fluted cylinder. The black finish on the barrel with machined sides is in excellent condition showing little to no wear. The stainless steel finish on the fluted cylinder is in very good to excellent condition showing some cleaned powder residue and a faint drag line. The black finish on the frame is in excellent condition showing little to no wear. The black rubber textured finger groove grips are in excellent condition showing little sign of use. Red ramp front sight with an adjustable rear sight. The action works fine. Includes a Leupold Vari-X II 2X handgun Scope mounted to the barrel rail, a soft case with the instructions a leather shoulder holster and a gun lock.
- R. 224. **Colt Model Anaconda.** Serial # AC223443. .44 Magnum caliber double action 6 shot revolver with a 6" ventilated rib barrel. The bore is excellent, clean with strong rifling. Made in 2022. The polished stainless steel finish on the barrel is in excellent condition showing little wear with some light scuffs. The stainless steel finish on the fluted cylinder is in very good to excellent condition showing little wear with some light blemishes and a light drag line. The stainless steel finish on the frame is in excellent condition showing little wear with a few fine scratches. The textured black rubber Colt logo finger groove grips are in very good condition showing a few light marks. Red ramp front sight, adjustable rear sight. The action works fine. Includes the original blue case with the instructions and a gun lock.

- R. 225. **Ruger Model LCR.** Serial # 545-21903. .38 Special +P. caliber double action revolver with a 3" shrouded barrel. The bore is excellent. 5 shot cylinder. Lightweight construction with an alloy frame and barrel shroud. Made in 2016. The matte black finish on the alloy frame/barrel shroud is in excellent condition showing little wear. The blued steel cylinder is in excellent condition as well showing little to no sign of use. The stippled black rubber combat grips are in excellent condition with no wear. The action works fine. The gun appears to have been fired very little. Includes the box with the instructions and a soft case.
- R. 226. **LWRC International Model M6 IC.** Serial # 24-94033. 5.56mm (.223 Rem.) caliber semi auto rifle with a 16" spiral fluted barrel. The bore is excellent. Detachable 30 round magazine. This is a very high-quality AR-15 type rifle with direct impingement gas system. It has a free floating rail system, flat top receiver, and a compact collapsible stock. The black "Nicorr" finish on the barrel is very good condition showing light edge wear. The matte black finish on the alloy hand guard and upper/lower receiver is in excellent condition showing little wear with a few light scuffs. The black rubber grip and the butt stock are excellent as well. Ambidextrous controls. The action works fine. Includes a Trijicon Credo 1-8x28 scope with the scope cover.
- R. 227. **Iver Johnson Model Eagle 1911.** Serial # CP00642. .45 ACP caliber semi auto pistol with a 5" barrel. The bore is excellent. All steel constructed 1911 Government Model clone made in the Philippines. 8 round detachable magazine. The blued metal finish on the steel slide is in excellent condition showing little wear. The matte blue finish on the steel frame is in excellent condition as well showing little wear. Extended slide release. The checkered rosewood laminated grips are in excellent condition showing little wear. Adjustable rear sight. The action works fine. Includes the original black plastic case with the instructions.
- R. 228. **Smith & Wesson Model M&P 9 Shield.** Serial # HWA7016. 9mm Luger caliber semi auto striker fired compact pistol with a 3" barrel. The bore is excellent, clean with strong rifling. 8 round detachable magazine. Made in 2015. The matte black finish on the steel slide is in excellent condition showing little wear. The black polymer frame with integral stippled grips and an accessory rail is in excellent condition as well showing little wear. 3 dot sights. The action works fine. Includes the box with the instructions, a small holster and a gun lock.
- R. 229. **Webley & Scott Model Mark IV 38.** Serial # 115930. .38-200 (.38 S&W) caliber double action top ejecting revolver with a 5" barrel. The bore is excellent, clean with strong rifling. This revolver was made in England for use during WWII. The black arsenal finish on the barrel is in very good condition showing edge wear and scratches. The black finish on the cylinder is in good condition showing edge/holster wear with scattered scratches. The black metal finish on the frame is in very good condition showing edge wear and light scratches. The original checkered black plastic grips are in very good condition with slight wear and scratching. The lanyard loop is intact. The barrel, frame and cylinder are matching numbers. The action works fine. Includes an ME Co. canvas web holster and belt, a lanyard cord and a box of vintage WWII ammunition. C&R.
- R. 230. **Remington Model 572 Fieldmaster Deluxe.** Serial # A1952973. .22 Sh-L-LR caliber pump action rifle with a 21-1/2" barrel. The bore is excellent, clean with strong rifling. Tubular magazine. Made in 1987. The blued metal finish on the barrel is in good condition showing little wear with scattered light scuffs and scratches and some scattered light surface rust, mainly at the chamber end. The magazine tube shows light action wear with some scattered light scuffs and scratches. The black finish on the grooved alloy receiver is in excellent condition showing little wear. The gloss finished checkered walnut forearm and matching butt stock are in excellent condition showing little use with some scattered light scuffs and scratches. Plastic butt plate. Original front sight, the rear sight has been removed. The action works fine. Includes a 4x32 scop mounted to the grooved receiver. Made from 1955 to 2020.

- R. 231. **Mossberg Model 835 Ulti-Mag.** Serial # UM593762. 12 Ga pump action shotgun with a 24" ported ventilated rib barrel. The bore is in good condition with moderate stubborn fouling, it should clean to excellent with proper cleaning. The barrel accepts screw-in choke tubes, an Extra Full choke tube is installed. The chamber is 3-1/2". The metal finish on the barrel and receiver has full coverage painted camo and is in very good condition showing scattered light scuffs and scratches. The synthetic forearm and matching butt stock with stippled gripping surfaces also have full coverage camo and are in very good to excellent condition showing some light scuffs and scratches. Black rubber recoil pad. Fiber optic front and rear sights attached to the barrel rib. The action functions fine. Includes an OD green padded nylon web sling.
- R. 232. **Remington Model 760.** Serial # 6952851. .30-06 caliber pump action rifle with a 22" barrel. The bore is excellent, clean with strong rifling. Detachable magazine. Made in 1969. The blued metal finish on the barrel is in very good condition showing light muzzle wear with scattered scuffs and light scratches. The action tube shows moderate action wear with older cleaned surface rust. The blued metal finish on the receiver is in good to very good condition showing light edge wear with light carry wear along with some light scuffs and scratches. The gloss finished checkered walnut forearm and matching butt stock are in good condition showing scattered dings and scratches with light finish wear along some of the edges. Original front and rear sights. Plastic butt plate. Sling swivels added. The action works fine. Includes a Leupold Vari-X II 3-9x40 scope in see-through rings and a padded black nylon sling. C&R.
- R. 233. **Mossberg Model 500A.** Serial # L165320. 12 Ga. pump action shotgun with a 28" ventilated rib barrel. The bore is excellent, clean and shiny. The barrel accepts screw-in Accu-Choke choke tubes, a Modified tube is installed. The chamber is 3". The blued metal finish on the barrel is in good condition showing little wear with scattered patches of light surface rust and scattered light scratches. The magazine tube shows light action wear with a haze of fine rust at the back end. The black finish on the alloy receiver is in good to very good condition showing little wear with some scattered scuffs and scratches. The checkered hardwood forearm and matching checkered butt stock are in very good condition showing scattered light marks and light scratches. Factory brown rubber recoil pad with LoP of 14". The action works fine.
- R. 234. **Ruger New Model Blackhawk.** Serial # 33-49425. .357 Mag caliber single action revolver with a 6-1/2" barrel. The bore is excellent, clean with strong rifling. Made in late 1976. 6 shot fluted cylinder. The blued metal finish on the barrel is in good condition showing holster wear along the right side along with light scratches. The blued metal finish on the fluted cylinder is in good condition showing holster/edge wear, thinning and scratching and a light drag line. The blued finish on the frame is in very good condition showing light edge wear with some fine scratches. The satin black alloy grip frame is in very good condition showing some light scuffs. The plain walnut grips are in very good condition showing some light marks with light finish wear. Adjustable rear sight. The action works fine.
- R. 235. **US Remington Model 1903 Sporter.** Serial # 3056414. .30-06 caliber bolt action rifle with a 24" barrel. The bore is very good to excellent, mostly clean with some light fouling in the grooves. This rifle started out as a Remington Model 1903 military rifle made in early 1942. The rifle was subsequently sporterized by discarding the military stock, hand guard and barrel bands, removing the military sights, altering the bold handle, replacing the safety and placing re-blued action in a sporter stock. The blued metal finish on the barrel and receiver is in very good condition showing slight thinning with scattered light scratches. A sporting rear sight has been attached to the barrel. The bolt is mostly in the white with some scattered light surface rust. The cocking knob is chrome plated; it may have come from a parade rifle. The plain walnut sporter stock is in good to very good condition showing some scattered dings and scratches with finish wear. Deteriorating brown rubber recoil pad. The action works fine. Includes a Weaver K4 scope in Weaver mounts and a leather sling. C&R.

- R. 236. **Savage Arms Model Stevens 311A.** Serial # NSN. 16 Ga. double barrel shotgun with 28" barrels. The bores are both very good to excellent, mostly clean and shiny. There is some light surface rust in the right barrel at the chamber end. The barrels are choked Full and Imp. Mod. Double triggers with extractors. Made in 1965. The blued metal finish on the barrels is in good condition showing thinning along the sides with some scattered light scratches and scattered light freckling. The receiver shows faded case color with edge wear and carry wear. The plain hardwood forearm and matching butt stock have been lightly refinished and are in very good to excellent condition showing a few light marks. Original plastic butt plate with an Lop of 14-1/8". The action works fine and the lock-up is tight. C&R.
- R. 237. **Winchester Model 55.** Serial # 8656. .32 Win. Spl. caliber lever action take-down rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Made in 1928. Half-length tubular magazine. The original blued metal finish on the barrel and magazine tube is in good to very good condition showing light muzzle wear with slight thinning and scratching with some scattered light freckling. The receiver shows heavy wear with scratches, it is turning slightly brown. The lever shows moderate to heavy wear with some light surface rust. Original front sight, the rear sight is a Marbles replacement. The plain walnut stock and forearm are in good to very good condition showing some light dings and scratches with finish wear. Original grooved steel butt plate. Sling swivels added. The action works fine. Approximately 20,500 made from 1924 to 1932. Includes a leather sling. C&R.
- R. 238. **The Three Barrel Gun Co. Model Drilling.** Serial # 1088. 12 Ga over .25-35 Win. 3 barrel drilling with 28" barrels. The shotgun barrels are Damascus. The right bore is in very good condition, mostly clean with some light fouling and a light ding about 10" forward of the chamber. The left bore is in fair condition, mostly clean with some scattered pitting and some light dings. The rifle barrel is steel and the bore is in fair to good condition showing throat erosion with slight roughness. The Three Barrel Gun Company was formed in 1905 after the failure of the Wheeling WV based Hollenbeck Gun Company in 1904. Hollenbeck Gun Co. was founded by Frank Hollenbeck of Syracuse Gun, Baker Gun and L.C. Smith fame. The Three Barrel Gun Co. failed in 1907 and was re-organized as the Royal Gun Co. which failed for good in 1910. The metal finish on the Damascus barrels is a brown patina with slight thinning, scratches and scattered light surface rust. The metal finish on the lightly engraved receiver is a gray patina that is turning slightly brown. The trigger guard may be a hand made replacement. The checkered walnut forearm is in fair condition showing heavy wear to the checkering with scattered dings and scratches. The matching checkered walnut butt stock is in good condition showing scattered light marks with finish wear. There is a crack running from the upper tang into the wrist. Deteriorating red recoil pad with an LoP of 13-1/4". The action works OK. C&R.
- R. 239. **Marlin Model 38.** Serial # A4448. .22 Sh-L-LR caliber pump action rifle with a 24" octagon barrel. The bore is very good, clean with strong rifling. 2/3 length tubular magazine. The blued metal finish on the barrel is in good condition showing edge wear, thinning and scratches with some scattered light freckling. The magazine tube is worn to bare metal with a slight brownish patina. The metal finish on the receiver is a brownish patina showing heavy edge wear and carry wear with dings and scratches. The grooved walnut forearm and matching straight grip butt stock are in fair to good condition showing moderate to heavy wear with dings and scratches. The stock bullseye is intact. Original front and rear sights. Plastic butt plate. The action works OK. Made from 1920 to 1930. C&R.
- 240A. **First of a lot of 2: W. Richards Model Hammer Double Barrel.** Serial # NSN. 12 Ga. double barrel hammer fired antique shotgun with 27-1/2" Damascus barrels. The bores are poor, dirty and rusty. Lefauchaux style under barrel release lever. Made in Belgium. The metal finish on the barrels is a rusty brown patina showing some Damascus pattern. The lock plates, frame and opening lever are also a rusty brown patina. The checkered walnut half-stock is in poor condition showing heavy wear with dings, scratches and paint streaks. It is badly cracked through the wrist. has been cleaned and is in very good condition showing some light dings and scratches with light finish wear. Single trigger. Plastic butt plate. The action seems to work OK.

- 240B. **Second of a lot of 2: H.J. Wilson Model Hammer Double.** Serial # NSN. 12 Ga. double barrel hammer fired antique shotgun with 30" barrels. The bores are poor, dirty and rusty. Lefauchaux style under barrel release lever. Made in Belgium. The metal finish on the barrels is a rusty dark brown patina with pitting. The lock plates, frame and opening lever are also a rusty dark brown patina. The checkered walnut half-stock is in poor to fair condition showing heavy wear with heavy soiling. Double trigger. Plastic butt plate. The action seems to work OK.
- R. 241. **Marlin Model 93.** Serial # A610. .32 H.P.S (.32 Win. Spl.) caliber lever action rifle with a 20" round barrel. The bore is excellent, clean with strong rifling. 2/3 length magazine tube. Made c. 1925-1926. The top of the receiver is marked "Marlin Safety"; The barrel is marked "The Marlin Firearms Co." and "Special Smokeless Steel". The upper tang is marked "Marlin Model 93" with no star. The forearm is 8-1/2" in length. The blued metal finish on the barrel and magazine tube is in good condition showing light muzzle wear and thinning with scratches and scattered light freckling. The metal finish on the receiver and lever is a worn bare gray patina turning slightly brown. The plain walnut forearm and matching butt stock are in good to very good condition showing some light dings and scratches with finish wear. Curved steel butt plate. Original front and rear sights. The action works fine. C&R.
- R. 242. **Parker Bros. Model Trojan.** Serial # 187465. 12 Ga. double barreled shotgun with 28" barrels. The bores are excellent, clean and shiny with some light fouling. The barrels are choked Full and Modified. Made in 1919. Double triggers with extractors. The metal finish on the barrels is a thin dull grayish brown patina worn to near bare gray at the breech end. The receiver is a worn gray patina with some areas turning slightly brown. The checkered walnut forearm has been refinished and is in good condition showing remnant dings and scratches. The matching checkered walnut buttstock has been refinished and is in good to very good condition showing some remnant dings and scratches. The side flats have contrasting wood inlays. Non-factory red rubber recoil pad with an LoP of 14-1/4". The action works fine and is tight. C&R.
- R. 243 **Firearms International Model Bronco.** Serial # 03277. .22 Mag. caliber single shot rifle with a 16-1/2" barrel. The bore is excellent, clean and shiny. This is a skeletonized single shot rifle with a swing out action. Pulling the front trigger allows the action to be rotated for loading and extracting. Skeletonized metal stock. The blued metal finish on the barrel shows some light scratches and scattered spots of light surface rust. The matte brown wrinkle paint on the front part of the receiver and the butt stock shows light edge wear with scattered chipping. The action works fine. Discontinued in 1978.
- R. 244. **Baikal – B-West Model IJ-70-380K Makarov.** Serial # BHE1706. .380 ACP caliber semi auto pistol with a 3-5/8" barrel. The bore is excellent. Made in Russia. 8 round detachable magazine. Adjustable rear sight. Hammer drop slide mounted safety. All stainless steel construction. The blued metal finish on the steel slide is in good condition showing edge wear and thinning with scratches and scattered light surface rust. The blued metal finish on the frame is in good condition showing edge wear and thinning with some fine scratches and scattered light surface rust. The black plastic grips are in very good condition showing little wear. The action works fine. Includes a soft case.
- R. 245. **Ruger New Model Single Six Convertible.** Serial # 65-01194. .22 LR/.22 Mag. caliber convertible single action revolver with a 6-1/2" barrel. The bore is excellent, clean with strong rifling. Made in 1978. The blued metal finish on the barrel is in good condition showing holster wear on the left side along with some light scratches. There is light wear on the nose of the ejector rod housing. The blued finish on the un-fluted magnum cylinder (installed) is in good condition showing edge wear and thinning with scratches and a light drag line. The blued finish on the frame is in very good condition showing light edge wear with some fine scratches. The plain walnut grips are in very good condition showing a few scattered marks with light finish wear. Adjustable rear sight. The action works fine. Includes a leather holster and belt with .22 ammunition in the belt loops and the spare .22 LR cylinder in the red felt bag.

- R. 246. **Ruger Model M77 Mark II.** Serial # 784-63387. .22-250 Rem. caliber bolt action rifle with a 22" barrel. The bore is excellent, clean with strong rifling. Made in 1997. The blued metal finish on the barrel is in excellent condition showing little wear with some fine scratches. The blued finish on the receiver is in excellent condition as well showing little to no wear. It has taken on a deep plum color. The bolt handle is in the white. The black finished alloy floor plate and steel trigger guard are in excellent condition showing little to no sign of wear. The checkered walnut stock is in very good condition showing scattered scratches. Original black rubber recoil pad. The action works fine. Includes an Aetec 3.8-12x44 scope in the Ruger rings.
- R. 247. **Savage Arms Model Stevens 555.** Serial # 15E11526. 12 Ga. over/under light weight shotgun with 28" ventilated rib barrels. The bores are excellent, clean and shiny. The barrels accept screw-in choke tubes and come with a Full and Imp. Mod. choke tubes installed. Single selective trigger with extractors. Made in Turkey. The satin black finish on the barrels and receiver is in excellent condition showing little to no wear. The checkered walnut stock and forearm are in excellent condition showing little to no sign of use. Black rubber recoil pad with a LOP of 14-1/2". The action works fine. Includes the box with a case of extra choke tubes and a choke tube wrench.
- R. 248. **Springfield Armory Model M1 Garand.** Serial # 4238223. .30-06 caliber semi auto rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Made c. 1952. The S-A barrel is dated 9-66. The trigger housing, bolt and hammer are all marked SA. The op rod is RA National Match (NM) marked. The safety is Breda marked. The parkerized finish on the barrel and receiver is in good to very good condition showing edge wear with some scattered light scuffs and scratches. The light gray Parkerizing on the gas cylinder shows heavy wear with some light pitting. The dark gray Parkerizing on the op rod shows edge wear and thinning with some scattered light older cleaned surface rust. The gray finish on the bolt shows thinning with action wear on the lugs. The parkerized finish on the milled trigger group shows edge wear and thinning with scuffs and scratches. The walnut stock and hand guards are in good military condition showing scattered light dings, dents and scratches with finish wear. There is a faint DoD cartouche on the left side with a Circle P proof on the wrist. There is a rack number painted on the bottom of the pistol grip and Korean markings on the right side of the butt. The action works fine. Includes an OID green canvas web sling. C&R.
- R. 249. **Japanese Model Arisaka Type 99.** Serial # 87764. 7.7mm caliber Japanese caliber bolt action rifle with a 26" barrel. The bore appears to be very good +, it is coated with cosmoline, so it is difficult to determine actual condition. Made at the Kokura Arsenal with 25th Series markings. This is a late war "Last Ditch" rifle that has many of the shortcut features designed to speed manufacture such as fixed sights, welded barrel bands and a wood butt plate. The rifle was made near the end of Type 99 production at Kokura in 1945. The bolt is matched to itself, but is mis-matched to the receiver. A note with the rifle states that it is a bring-back, so it is not uncommon for the bolts to be mis-matched as they were required to be removed from the gun prior to transport. The black metal finish on the barrel and receiver is in very good condition showing light edge wear, scuffing and scratching from handling. The surface is still covered with cosmoline. The mum is intact. The floor plate and trigger guard show light edge wear with scratches. The military stock and handguard are in good military condition showing dings and scratches. The action works fine. C&R.
- R. 250. **Harrington & Richardson Model Bay State.** Serial # 112111. 12 Ga. single shot top-break shotgun with a 22" barrel. The bore is excellent, clean and shiny. The barrel is marked as "Choke", but the barrel has been cut back and now measures Imp. Cyl. The blued metal finish on the barrel is in good condition showing light muzzle wear with light scuffs and scratches and a covering of light surface rust. The receiver is a brownish gray patina with scattered light surface rust; there are traces of striped case color visible. The plain walnut forearm and matching butt stock are in good to very good condition showing some scattered light dings and scratches with finish wear. Plastic butt plate. The action works fine. C&R.

- R. 251. **Sears, Robuck & Co. Model Ranger 103.8.** Serial # NSN. .22 Sh-L-LR caliber manually cocked single shot rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Made in the late 1930's for Sears by Marlin; it is similar to the Model 100. The blued metal finish on the barrel and receiver is in good condition showing light edge wear with scratches and scattered light surface rust. The trigger guard shows edge wear, scratches and light surface rust. The plain walnut stock is in good condition showing scattered light scuffs and scratches with finish wear and soiling. Blued steel butt plate with surface rust. Original sights. The action works fine. C&R.
- R. 252. **Parker Brothers Model VH Grade.** Serial # 113474. 12 Ga. double barrel shotgun with 28" barrels. The bores are very good, mostly clean with just a hint of some isolated light roughness. The barrels are both choked Imp. Cylinder, indicating that they have been cut back, honed or both. Both barrels have several light dents. Double triggers with extractors. Made in 1902. The blued metal finish on the Vulcan Steel barrels is a re-blue and is in good to very good condition showing light muzzle wear and thinning with carry wear at the chamber end along with scattered scuffs, scratches and slight underlying roughness. The barrel rib markings are sharp and clear. The engraved frame and trigger guard are a worn silvery patina with some scattered light dings and scratches. The markings and engraving on the frame are visible. The checkered walnut forearm and the nicely figured matching pistol grip butt stock have been professionally refinished and are in very good condition showing some scattered light marks from use. Non-factory brown rubber recoil pad with an LoP of 14". The action works fine and the lock up is tight. C&R.
- R. 253. **Savage Arms Model Stevens 77D.** Serial NSN. 12 Ga. pump action shotgun with a 28" plain barrel. The bore is excellent, clean with no pitting. The barrel is choked Imp. Mod. The chamber is 2-3/4". Made in 1958. The blued metal finish on the barrel is in very good condition showing light muzzle wear with scattered light scuffs and scratches and some scattered surface light freckling. The magazine tube shows moderate action wear with light surface rust. The blued metal finish on the receiver is in good condition showing light edge and carry wear along with scratches and some light surface rust on the underside and top surface. The grooved hardwood forearm is in poor condition showing dings, scratches and finish wear; there is a large chunk of wood missing from the rear portion. The matching plain butt stock is in good condition showing numerous dings and scratches with finish wear, no cracks. Thin non-factory brown rubber recoil pad. The action works fine. C&R.
- R. 254. **Savage Arms Model 311E.** Serial # A271403. 20 Ga. double barrel shotgun with 28" barrels. The bores are excellent, mostly clean and shiny with some light fouling. The barrels are choked Full and Modified. Double triggers with extractors. Made in 1969. The blued metal finish on the barrels is in very good condition showing little wear with some scattered light scuffs and scratches along with some widely scattered light freckling. The receiver shows dark case color with light edge wear. It shows patches of a light clear coat. The checkered hardwood forearm and matching butt stock have been refinished and are in excellent condition showing little wear. Original plastic butt plate with an LoP of 14-1/4". The action works fine and the lock-up is tight. C&R.
- R. 255. **Remington Model 514.** Serial # NSN. .22 Sh-L-LR caliber bolt action single shot rifle with a 25" barrel. The bore is excellent, mostly clean with some light fouling. Made in 1949. The blued metal finish on the barrel and receiver is in fair condition showing scattered scratches and scattered light surface rust with a larger patch of rust/finish loss on the receiver. The bolt handle is a brown patina with rust. The plain walnut stock is in good condition showing numerous scattered light dings and scratches with finish wear. The blued finish on the steel trigger guard shows moderate to heavy rust. Plastic butt plate. Original front and rear sights. The action works OK, it is a little sticky. Made from 1948 to 1970. C&R.

- R. 256. **Charles Harvan Model Castilian Grade.** Serial # AB1154. 20 Ga. double barreled shotgun with 28" barrels. The bores are excellent, clean and shiny. The barrels are choked Imp. Mod. and Imp. Cyl. The chambers are 2-3/4". Made in Spain. Double triggers with extractors. The blued metal finish on the barrels is in fair to good condition showing light scratches scattered light surface rust. There is a large patch of carry wear on the right barrel at the chamber end that has turned brown with a smaller patch of carry wear on the left barrel. The metal finish on the lightly engraved receiver is a rusty brown patina with edge wear. The checkered beavertail forearm and the matching butt stock are in fair condition showing heavy finish wear. There is a crack on the left side at the wrist. Plastic butt plate. The action is tight and works fine.
- R. 257. **Winchester Model 120 Youth.** Serial # L1478040. 20 Ga. pump action shotgun with a 22" ventilated rib barrel. The bore good, mostly clean with some moderate to heavy wad fouling. It should clean to excellent with a proper solvent cleaning. The barrel is choked Modified. The chamber is 3". The blued metal finish on the barrel is in good condition showing light muzzle wear with scattered scratches and scattered light surface rust. The magazine tube shows moderate action wear. The black finish on the alloy receiver is in good condition showing edge wear with scattered scuffs and scratches. The grooved hardwood forearm and matching plain butt stock are in very good condition showing some light marks and finish wear. Black rubber Winchester recoil pad with a LOP of 13". The action works fine.
- R. 258. **Ruger Model 10/22.** Serial # 233-99713. .22 LR caliber semi auto rifle with an 18½" barrel. The bore is excellent, clean with strong rifling. 10 round detachable rotary magazine NOT included. Made in 1991. The blued metal finish on the barrel is in fair condition showing little wear with a large patch of heavy rust on the underside. The satin black enamel finish on the alloy receiver is in very good to excellent condition showing little wear with some light scuffs. The plain hardwood stock is in very good to excellent condition showing little use. Original front and rear sights. Swivels studs added. Plastic butt plate. The action works fine. Includes a black nylon padded sling in rusty quick detach swivels.
- R. 259. **Winchester Model 94AE Trapper.** Serial # 6157319. .44 Magnum caliber lever action rifle with a 16" barrel. The bore is excellent, clean with strong rifling. Full length magazine tube. Made c. 1994. This gun has the angle eject receiver which is drilled and tapped to mount a scope on the top of the receiver. Cross-bolt safety with a saddle ring and the large loop lever. The receiver is marked 1894-1994. The original blued metal finish on the barrel and magazine tube is in very good condition showing little wear with some scattered light scuffs and scratches with just a hint of some light freckling. The blued metal finish on the receiver is in very good to excellent condition as well showing little to no wear with some scattered scratches. The plain oil finished walnut stock and forearm are in excellent condition showing little to no sign of use. Original front and rear sights. Plastic butt plate. The action works fine. Includes the hand tag attached to the lever.
- R. 260. **Winchester Model 94 Limited Edition Centennial Rifle.** Serial # CNL2182. .30-30 Win. caliber lever action rifle with a 26" part round/part octagon barrel. The bore is very good to excellent, but it had a covering of rust that cleaned up with a brush and patch. Limited edition rifle made in 1994 featuring high grade wood, a half-length magazine and an engraved receiver with gold inlays and a tang mounted peep sight. The original blued metal finish on the barrel and magazine tube is in very good condition showing little wear with a covering of scattered older cleaned freckling. The blued metal finish on the engraved receiver and lever is in very good to excellent condition showing little to no wear with some scattered scuffs and scratches. There is a tiny spot of rust at the base of the extractor. The nicely figured gloss finished checkered walnut stock and forearm are in very good to excellent condition showing little to no sign of use with some scattered light marks. Original front and rear sights. Crescent steel butt plate. The action works fine. Includes the box with the instructions and hand tag.

- R. 261. **J. Stevens Arms Model Springfield 5100.** Serial # NSN. 12 Ga. double barrel shotgun with 28" barrels. The bores are excellent, clean and shiny. The barrels are both choked Imp. Cyl. Double triggers with extractors. The blued metal finish on the barrels is in fair to good condition showing little wear with a covering of light surface rust. The receiver is a gray patina turning slightly brown with a covering of light surface rust. Traces of case color are visible. The black painted trigger guard shows moderate wear. The plain walnut forearm and matching butt stock are in very good condition showing only a few minor marks with light finish wear. Non-factory red rubber recoil pad. The action works fine and is tight. C&R.
- R. 262. **Weatherby Model Mark XXII.** Serial # J39259. .22 LR caliber semi auto rifle with a 24" barrel. The bore is very good to excellent, mostly clean with some light fouling. Made in Japan c. 1970-1971. The blued metal finish on the barrel is in fair to good condition showing scattered scuffs and scratches with a covering of light surface rust. The black finished alloy receiver is in very good to excellent condition showing little to no wear with a few light scratches. The gloss finished skip-line checkered walnut stock with a contrasting nose piece and pistol grip cap is in fair condition showing numerous dings and scratches, some on the heavy side. Original brown rubber recoil pad. Original front and rear sights, the front sight hood is missing. Tang mounted safety. The action works fine. Includes a Weaver V22-A4x20 scope mounted to the grooved receiver. Made from 1964 until 1988. C&R.
- R. 263. **Winchester Model 94AE Trapper.** Serial # 6156305. .44 Magnum caliber lever action rifle with a 16" barrel. The bore is excellent, clean with strong rifling. Full length magazine tube. Made c. 1994. This gun has the angle eject receiver which is drilled and tapped to mount a scope on the top of the receiver. Cross-bolt safety with a saddle ring and the large loop lever. The receiver is marked 1894-1994. The original blued metal finish on the barrel and magazine tube is in very good condition showing little wear with some scattered light scuffs and scratches with just a hint of some light surface rust/freckling. The blued metal finish on the receiver and lever is in very good to excellent condition as well showing little to no wear with some scattered scratches and some scattered light surface rust on the underside, the lower tang and the lever. The plain oil finished walnut forearm is in very good to excellent condition showing little wear with some scattered light marks. The matching butt stock shows little use with the exception of a large chunk of wood missing from the toe. Original front and rear sights. Plastic butt plate. The action works fine.
- R. 264. **Winchester Model 88.** Serial # H274962. .308 Win. caliber lever action rifle with a 22" barrel. The bore is excellent, clean with strong rifling. Made in 1972. Detachable magazine. The blued metal finish on the barrel is in very good to excellent condition showing little wear with some scattered light scratches. The blued metal finish on the receiver is in very good to excellent condition as well showing just a hint of some light edge wear with some scattered fine scratches. The blued finish on the lever is excellent showing little use. The checkered walnut stock is in very good condition showing light scuffs and scratches with light finish wear. Original front sight including the hood with a flip down rear sight. Plastic butt plate. The action works fine. Includes a Swift 3-9x40 scope in Weaver mounts and a leather sling. Made from 1955 to 1973. C&R.
- R. 265. **Winchester Model 12.** Serial # 1353273. 20 Ga. pump action shotgun with a 28" plain barrel. The bore is excellent, clean and shiny. The barrel is choked Modified. Made in 1953. The blued metal finish on the barrel is in very good to excellent condition showing little wear with a few scattered light scratches along with some widely scattered spots of light surface rust. The magazine tube shows light action wear with scattered light rust. The blued metal finish on the receiver is in very good condition showing light edge wear with some scattered light scratches and a few scattered spots of older cleaned surface rust. The grooved walnut forearm and matching plain butt stock have been lightly refinished and are in very good condition showing little wear with some scattered light marks from use. Plastic butt plate with an LoP of 14". The action functions fine. C&R.

- R. 266. **Japanese Model Arisaka Type 38.** Serial # 001584117. 6.5x50mm caliber Japanese caliber bolt action rifle with a 31-1/2" barrel. The bore poor, dark with rust heavy frosting; there is visible rifling. Made at the Koishikawa Arsenal in Tokyo in the late 1920's. No series markings, the receiver has the "S" proof. The S/N is preceded by two zeros indicating that the rifle was removed from military service. The bolt is mis-matched to the receiver, the nose band is not numbered. The blued metal finish on the barrel and receiver is in very good condition showing muzzle wear from bayonet use along with light edge wear and a fine haze of light surface rust. The blued floor plate shows thinning with patches of light surface rust. The trigger guard is a brown patina with wear and scratches. The military stock and handguard have been cleaned and are in very good military condition showing a few scattered light dings and scratches and finish wear. The mum is lightly defaced. Original military sights. Steel butt plate. The action works fine. The cleaning rod is missing. Includes a National Denki/Kokura marked bayonet. C&R.
- R. 267. **Italian Carcano Model M1941.** Serial # QB6362. 6.5x52mm Carcano caliber bolt action rifle with a 27" barrel. The bore is very good, mostly clean with strong rifling with some light fouling in the grooves. The M1941 was the last of the Carcano series of military rifles that began in 1891. Made at the Cremona Arsenal in 1942. The blued metal finish on the barrel and receiver is in good to very good condition showing light edge wear with scratches and scattered light surface rust. The magazine body/trigger guard shows light edge wear with scratches and scattered light surface rust. The full-length military stock is matched to the receiver; it is in very good condition showing scattered dings and scratches. There is a 1942 cartouche on the left side of the butt. The matching hand guard is in very good condition as well, no cracks. Original military sights. The rifle is does not appear to be import marked. The cleaning rod is missing. The action works fine. The rifle requires a loading clip for firing which is NOT included. C&R.
268. **Dutch Mannlicher Model 1895.** Serial # 438G. 6.5x53R caliber bolt action rifle with a 31" barrel. The bore is poor, dark with rust. Made in 1897. Similar in design to the 1888 Commission rifle. The blued metal finish on the barrel and receiver is in fair condition, it is a brownish gray patina with a covering of light surface rust. The magazine and trigger guard shows edge wear with scratches and surface rust. The rifle is mis-matched. The walnut stock and handguard are in good condition showing some dents and dings with finish wear. No cracks or serious damage. The stock has a faint cartouche on the right side of the butt. Steel butt plate. The action works OK. Made from 1895-1940.
269. **Belgian Made Model "ZULU" Snider Type Shotgun.** Serial # NSN. 12 Ga. single shot shotgun with a 34" barrel. The bore is poor, dirty, rusted and pitted. This is a Belgian made "Snider" style conversion of a military musket and often referred to as a "Zulu". The top of barrel is not marked. The metal finish on the barrel is a blotchy, rusty brown patina with scratches and light paint spatter. The breech block is made of brass, it shows numerous dings and has a slight greenish patina. The lock plate, hammer and trigger guard are a rusty brown patina. The plain walnut half stock is in good condition showing dings and scratches and finish wear. Rusty steel butt plate. The action works OK.
- R. 270. **Remington Model 700.** Serial # C6529257. .243 Win. caliber bolt action rifle with a 22" barrel. The bore is poor with heavy rust. Made in 1982. The matte black metal finish on the barrel and receiver is in fair condition showing scratches and a covering of light surface rust. The black finish on the hinged floor plate and trigger guard is in good condition showing a haze of fine rust. The smooth black synthetic stock is in fair to good condition showing weathering. Black rubber recoil pad. The action works fine. Includes a Leupold Vai-X Ilc 3-9x40 scope with Weaver style mounts and a padded black nylon sling in quick detach swivels.

- R. 271. **Mossberg Model 144.** Serial # NSN. .22 LR caliber bolt action rifle with a 26" medium contour barrel. The bore is very good, mostly clean with strong rifling with some light fouling. Detachable magazine. The blued metal finish on the barrel is in very good condition showing light muzzle wear with scattered light scuffs and scratches along with some widely scattered spots of light surface rust. The blued metal finish on the grooved receiver is in excellent condition showing little sign of wear. The walnut target stock is in very good condition showing some scattered light scratches with light finish wear. Front swivel with an adjustable hand rest with the original rear swivel. The plastic trigger guard is slightly warped. Grooved steel butt plate. Original front sight including the hood. The Mossberg S-130 receiver mounted peep sight is present. The red and green safety dots are present. The action works fine. The Model 144 was made from 1949-1954. C&R.
- R. 272. **Mossberg Model 9200 NWTF.** Serial # WT0577. 12 Ga. semi auto shotgun with a 24" ventilated rib barrel. The bore is excellent, clean and shiny. The barrel accepts Accu-Choke screw in chokes and has an Extra Full Compensated Turkey choke installed. 3" chamber. Gas operated and designed to shoot any shell interchangeably. The shotgun features an engraved receiver with National Wild Turkey Federation (NWTF) markings. The camo finish on the barrel is excellent showing little wear with some light scuffs. The matte black finish on the engraved alloy receiver is in excellent condition showing some light scuffs and scratches. The camo finish on the synthetic stock and forearm are in very good to excellent condition showing only some minor marks from handling. Black rubber recoil pad with a LOP of 13-3/4". Clip-on fiber optic front and rear sights. The action works fine. Includes a nylon camo web sling in quick detach swivels. Made from 1996 to 1998.
- R. 273. **Firearms International Corp. Model Mauser Sporter.** Serial # 62928. .257 Roberts Ackley Improved caliber bolt action rifle with a 26" barrel. The bore is excellent, clean with strong rifling. F.I.C. was an importer during the 1950's and 60's who was taken over by Garcia around 1970. This rifle is built on a Belgian made FN Mauser action. The blued metal finish on the barrel and receiver is in very good to excellent condition showing little wear with some scattered scuffs and fine scratches. The blued metal finish on the floor plate shows a few spots of light surface rust. Made without sights. The nicely figured walnut stock with a wide forearm is in very good to excellent condition showing a few minor marks from use. There is a sticker with load and elevation data on the right side of the butt. Checkered steel butt plate. The action works fine. Includes a Bushnell Sportview 4-12x40 scope mounted to a Weaver style rail. C&R.
- R. 274. **Mauser Model 98 Standard Modell Banner Rifle.** Serial # C2708. 8x57mm Mauser caliber bolt action military rifle with a 23-1/2" barrel. The bore is excellent, clean with strong rifling. Made in 1934, this was the final version of the civilian make-over of the re-designed Model 98 rifle that went on to become the standard infantry rifle of the German military from 1934 on. This rifle has "D.R." markings indicating that it was procured by the German Govt. for the Deutsche Reichsbahn, or the German National Railway. The blued arsenal finish on the barrel and receiver is in very good condition showing little wear with some light scratches and some light surface rust. The barrel bands show light scuffing with light surface rust. The blued metal finish on the floor plate/trigger guard shows edge wear and scratches. The rifle is all matching. Does not appear to be import stamped. The plain walnut stock and hand guard are in very good condition showing a few minor marks with some larger gouges on the butt and forearm of the left side. Well struck D.R. cartouche on the left side of the butt. Original sights. The action works fine. Includes the cleaning rod, a bayonet with scabbard and a muzzle cover. C&R.
- R. 275. **Columbian Model 1950 Mauser.** Serial # 02604. .30-06 caliber bolt action military rifle with a 23-1/2" barrel. The bore is very good, mostly clean with some light fouling in the grooves. Columbian military rifle originally made by FN Herstal in Belgium. ".30" stamped on the rear receiver ring indicating .30-06 chambering. The matte black arsenal re-finish on the barrel, floor plate, barrel bands and receiver is in good condition showing little wear with scattered light surface rust. The Columbian crest on the receiver is intact. The rifle does not appear to be import marked. The plain walnut stock and hand guard are in very good military condition showing scattered light dings and scratches. No cracks or repairs. Original military sights. The cleaning rod is present. The ribbed metal butt plate is not correct, it is oversized. The action works fine. Includes a bayonet. C&R.

- R. 276. **Ruger Model M77 Varmint.** Serial # 73-58659. .220 Swift caliber bolt action rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Made in 1978. Tang safety. The blued metal finish on the barrel is in very good to excellent condition showing little wear with some scattered fine scratches. The blued finish on the receiver is in very good to excellent condition showing little wear with some scattered blemishes and fine scratches. The finish has taken on a plum hue. The receiver has machined recesses for Ruger type scope rings. The black finish on the trigger guard and floor plate is in excellent condition showing little to no wear. Made without sights. The checkered walnut stock is in very good condition showing scattered light marks and scratches. Original red rubber recoil pad. The action functions fine. Includes a Nichols 6-20x44 scope in the Ruger rings, a Harris bipod and a leather sling in quick detach swivels.
- R. 277. **Winchester Model 69.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 25" barrel. The bore is excellent, clean and shiny with strong rifling. 5 shot detachable magazine. Original cock on close action made only from 1935 until 1937 with the introduction of the Model 69A with cock on open action in 1937. The blued metal finish on the barrel and receiver is in good to very good condition showing little wear with some scattered light scuffs and scratches. Neither the barrel or receiver have any provision for sights; the barrel may have been altered by welding up the dovetails and drilling for scope mounts and refinishing. The plain walnut stock has been lightly refinished and is in very good to excellent condition showing a few minor marks. Plastic butt plate. The action works OK. Includes a vintage Winchester externally adjusted scope in Winchester mounts. Made from 1935 to 1963. C&R.
- R. 278. **Winchester Model 62A.** Serial # 362326. .22 Sh-L-LR caliber pump action take-down rifle with a 23" barrel. The bore is excellent, clean with strong rifling. Tubular magazine. Made in 1957. The blued metal finish on the barrel is in good to very good condition showing little wear with a haze of fine surface rust. The magazine tube shows action wear with scratches and scattered light surface rust. The blued finish on the receiver is in good condition showing edge wear; it has a covering of cleaned light freckling which gives it a dull appearance. The grooved walnut forearm and matching plain butt stock have been lightly refinished and are in very good condition showing some light scratches and light finish wear. Original sights. Plastic butt plate. The action works OK. Made from 1932-1958. C&R.
- R. 279. **Hamilton Model 27.** Serial #NSN. .22 RF tip up boy's rifle with a 15" tip-up barrel (15" barrel has been exempted from NFA). The bore is good, mostly clean with worn, well defined rifling. The blued metal finish on the barrel jacket is in fair to good condition showing thinning with scratches and a covering of light to moderate surface rust; the finish is beginning to turn brown. The blued metal finish on the receiver is in fair to good condition showing light edge wear, thinning and patches of light surface rust. The plain hardwood stock and forearm have been refinished and are in very good condition with some light marks from handling. There is a stress crack on the underside of th butt stock. Rusty steel butt plate. The action works fine and is tight. Should not be fired with modern ammunition. C&R.
- R. 280. **Squires Bingham-Kassnar Model 15.** Serial # 544958. .22 Mag. Caliber bolt action rifle with a 22-1/2" barrel. The bore is excellent, clean with strong rifling. Detachable magazine. Made in the Philippines. The blued metal finish on the barrel and receiver is in very good condition showing little wear with some scattered light scratches and scattered light freckling. The black finished alloy trigger guard is in very good condition showing some light marks. The checkered walnut stock with a contrasting nose piece and a grip cap is in very good condition showing some scattered light scratches with light finish wear. Original front sight with the hood, the rear sight has been cut off with the base left to fill the dovetail. Plastic butt plate. The action works fine. Includes a Bushnell Sportview 3-9x32 scope mounted to the grooved receiver and a leather sling in rusty quick detach swivels.

- R. 281. **Steyr Model M95 Rifle.** Serial # 9931Q. 8x56R caliber straight pull bolt action rifle with a 30" barrel. The bore is fair, dark and frosted with good rifling. The receiver is marked Steyr M95. The chamber is "S" marked indicating it was converted from 8x50R to 8x56R. The barrel is proofed Wn-16. The barrel and bolt are matched to the receiver, the stock is force-matched. The metal finish on the barrel, receiver and magazine is worn, dull gray patina with a haze of light surface rust. The walnut stock and hand guard are in good military condition showing numerous dents and dings, no cracks, repairs or major damage. The action functions OK, but is dry and stiff. Used by several nations during WWI. Produced from 1896 until 1920. Includes a bayonet & scabbard. C&R.
282. **Russian Model M1891 Mosin Nagant.** Serial # N14143. 7.62x54Rmm caliber bolt action rifle with a 31-1/2" barrel. The bore is very good, mostly clean with strong rifling. Made in Russia at the Tula Arsenal in 1895. The metal finish on the barrel has been aggressively cleaned at the muzzle end to near bare metal showing dings, scratches and a fine haze of surface rust. The receiver shows edge wear and thinning with a covering of light to moderate surface rust. The magazine housing is in fair condition showing heavy wear and thinning with scratches and light surface rust. The receiver is SA marked indicating Finnish service, possibly captured during the Winter War Russia. The markings are clear. The rifle is completely mis-matched. The hardwood stock and hand guard are in good military condition showing dings. Dents and scratches, no cracks or major damage. Original military front and rear sights. Steen butt plate. Finnish style swivels. The action works fine. C&R.
- R. 283. **Harrington & Richardson Second Model Hammerless.** Serial # 120912. .38 S&W caliber 5 shot break-top hammerless revolver with a 3-1/4" barrel. The bore is good, mostly clean with good rifling with some scattered pitting. The nickel finish on the barrel is in fair condition showing muzzle wear with scratches, the exposed metal has rusted. The nickel finish on the cylinder is in good condition showing some light flaking around the edges which has rusted. The nickel finish on the frame is in good condition, showing some light flaking around the edges which has rusted as well as some scattered scratches. The checkered rubber target logo grips are in good condition showing light to moderate wear, no cracks or chips. The action works fine. Second Model Large Frame, 4th Variation made from 1913-1915. C&R .
- R. 284A. **First of a lot of 2. Spanish Model Auto Pistol.** Serial # 256. .25 ACP caliber semi-auto pistol with a 2" barrel. The bore is fair, mostly clean with worn rifling with some fouling/frosting in the grooves. Made in Spain. Detachable magazine NOT included. Makers markings on the slide are largely illegible. The gun has several parts missing. The metal finish on the steel slide is worn to bare metal with a covering of older cleaned surface rust. The metal finish on the steel frame is worn to bare metal as well and has a covering of moderate surface rust. The action does not work. C&R.
- 284B. **Second of a lot of 2: Smith & Wesson Model .38 Double Action.** Serial # 22853. .38 S&W caliber double action break-top revolver with a 3-1/4" barrel. The bore is poor with rust and corrosion. The metal finish on the barrel and cylinder is a dark brown patina with little nickel remaining. The nickel finish on the frame is in poor condition with large patches that have turned brown. The checkered black rubber grips are in poor condition showing heavy wear with a large chip missing from the bottom of the right panel. The action works fine. Second Model made from 1880-1884.
- R. 285A. **Harrington & Richardson Model 1905.** Serial # 79374. .32 S&W caliber solid frame double action revolver with a 2-1/2" octagon barrel. The bore appears to be good, but the cylinder pin is broken preventing a detailed inspection. 5 shot cylinder. The nickel finish on the barrel is in good condition showing muzzle wear and scratches with scattered light surface rust. The nickel finish on the frame and cylinder is in fair to good condition showing scratches with scattered flaking and scattered light surface rust. The checkered black plastic grips are in poor condition with chips and cracks. The action seems to work OK. Made from 1905-1941. C&R.

- R. 285B. **Harrington & Richardson Model Young American.** Serial # 148864. .32 S&W caliber solid frame double action revolver with a 2-1/2" octagon barrel. The bore appears to be good, but the cylinder pin is frozen preventing a detailed inspection. 5 shot cylinder. The nickel finish on the barrel and cylinder is in fair condition showing scratches with scattered light surface rust. The nickel finish on the frame is in poor condition showing flaking finish with large patches of surface rust. The checkered black plastic grips are in very good condition showing little wear. The hammer spur has been bobbed. The action seems to work OK. Made from 1905-1941. C&R.
- 285C. **Iver Johnson Model Defender.** Serial # 330. 32 RF caliber spur trigger revolver with a 2" round barrel. The bore is poor with rust with little rifling visible. 5 shot cylinder. The nickel finish on the barrel is in poor condition, the left side is a brown patina. The metal finish on the cylinder is a dark brown patina with no nickel remaining. The nickel finish on the frame is in fair condition showing dings and scratches with large patches worn and flaking nickel, the underlying metal has turned brown. The smooth wood grips are in good condition showing light wear, no cracks. The action does not work.
286. **J.C. & A. Lord Model Snider Sporter.** Serial # NSN. .577 Snider caliber sporting rifle with a 21-1/2" barrel. The bore is excellent, clean and shiny with strong rifling. The barrel is marked "J.C. & A. Lord London Birmingham & Bombay"; the lock plate is marked J.C. & A. Lord/London. The breech block is marked "Sniders Patent". The barrel and breech have Birmingham proofs. J.C. & A. Lord was a retailer in London during the mid to late 1800's. This gun was likely made from a surplus military Snider rifle sporterized for sale by J.C. & A. Lord. The metal finish on the barrel is a gray patina with patches of brown and older cleaned surface rust. The lock plate, breech block and hammer are a gray patina with dings and scratches. The steel trigger guard and butt plate are a grayish-brown patina with scattered surface rust. The checkered walnut half stock has a bone or horn nose cap and is in very good condition showing some scattered dings and scratches with finish wear. No cracks. Front and rear swivels. Original Sights. The action works fine. Includes the steel ram rod.
287. **Belgian Model Flobert Musket.** Serial # NSN. .32 RF (?) caliber single shot rifle with a 28" barrel. The bore is poor, rough with corrosion. The metal finish on the barrel and breech is a blotchy dark gray/brown patina with thinning and muzzle wear. The barrel bands, butt plate and trigger guard are a gray patina with heavy pitting. Fixed sights. The plain walnut stock has been refinished and is in fair condition with dings, dents and scratches. There is a large crack through the wrist along with a swivel hole in the butt. The ram rod is missing. The action works fine.
288. **Belgian Model Flobert.** Serial # NSN. .32 RF (?) caliber single shot rifle with a 24" heavy barrel. The bore is poor, rough with corrosion. The metal finish on the barrel and breech is a cleaned dull gray patina with dings, scratches and scattered pitting. The butt plate and trigger guard are a gray patina with scattered pitting. Fixed sights. The checkered walnut stock has been refinished and is in fair condition with several large cracks which have been repaired. The action does not work, the hammer will not cock.
289. **Wm. Moore & Co. Model Hammer Double.** Serial # 6233. 10 Ga. double barrel hammer fired under-lever shotgun with 32" Damascus barrels. The bores are poor with moderate to heavy pitting. Made in England. The barrel rib is marked "Wm Moore & Co. London Fine Twist". The metal finish on the barrels is a blotchy brown/gray patina with patches of surface rust and dark patches of older cleaned surface rust. The lock plates are marked "Wm Moore & Co." The frame and lock plates are a gray/brown patina with scattered rust. The opening lever, hammers and trigger guard are a brown patina with scattered rust. The right hammer spur is broken off. The checkered walnut forearm is in fair condition showing heavy wear with slivers of wood missing. The checkered walnut butt stock is in fair condition showing scuffs and scratches with finish wear, there are cracks on either side of the trigger guard and at the butt. Rusty steel butt plate. The action seems to work OK, there is play in the barrel to frame lock up.

290. **Italian Vetterli-Vitali Model 1870/87/15.** Serial # OQ5702. 6.5x52MM Carcano caliber bolt action rifle with a 34" barrel. The bore is very good to excellent, mostly clean and shiny with strong, slightly worn rifling. This is an 1870/87 rifle that was converted during WWI to use the 6.5x52MM service ammunition by soldering a liner in the original barrel. Made at the Brescia Arsenal in 1889. The metal finish on the barrel, receiver and magazine housing is in fair condition, it is dark brown patina with scattered light dings and scratches with scattered light surface rust. The original military stock is numbered to the gun and is in fair to good condition showing numerous dings and impressions from many years of use. There are faint cartouches on the left side. Original military sights. The cleaning rod is present. The action seems to work, but is a little sluggish; the bolt come right out of the action on opening and is difficult to close the action once the bolt is re-inserted.
- R. 291. **Japanese Carcano Type I.** Serial # C4741. 6.5x50mm Japanese caliber bolt action rifle with a 31" barrel. The bore is good to very good, mostly clean with good, slightly worn rifling with frosting/fouling in the grooves. Made under contract in Italy in the 1930's for Japan. The blued metal finish on the barrel is in good condition showing light muzzle wear with thinning, scattered light scratches and some scattered spots of light surface rust. The blued metal finish on the receiver is in good condition showing edge wear with thinning with scattered light surface rust. The finish has a plum hue. The hardwood stock and hand guard have had extra finished added years ago which has largely worn off showing numerous scuffs and scratches with some scattered dings. No cracks, repairs or major damage. Original military sights and swivels. Original steel butt plate. The action works OK. Includes the cleaning rod. C&R.
- R. 292. **Remington Model 41.** Serial # NSN. .22 Sh-L-LR bolt action single shot manually cocked rifle with a 27" barrel. The bore is excellent. Made in 1936. The blued metal finish on the barrel and receiver is a cleaned brown patina showing thinning with scattered dings and scratches. The plain walnut stock is a newer replacement and is in very good condition showing some scattered scuffs and scratches. The trigger guard is missing. The butt plate is marked Ithaca and does not fit well. Original front and rear sights, the rear elevator is missing. The action works fine. Made from 1936-1939. C&R.
293. **C. Sharps Model 1A.** Serial # 21103. .22 RF caliber 4 barrel single action pistol with 2½" barrels. The bores are fair to good with light rust and some light pitting. This is a breech loading 4 shot pepperbox pistol with a rotating firing pin on the hammer. The metal finish on the barrels is a gray patina with dark spots of older cleaned surface rust. The brass frame has no silver plating remaining and is in good condition, dull with clear markings. The gutta percha grips are in very good condition showing little wear with some light soiling. Barrel release on the bottom front portion of the frame. The action works fine and the firing pin seems to rotate OK. Approximately 60,000 of this model were made c. 1859 to 1874.
- R. 294. **Iver Johnson Model Safety Automatic Hammerless.** Serial # 65122. .32 S&W caliber double action revolver with a 3" barrel. The bore is very good, clean with strong rifling with some scattered light corrosion. Second Model variation with the double post barrel latch and 2 cross pins in the frame. The nickel finish on the barrel is in very good condition with some light flaking at the muzzle and at the cylinder gap. The nickel finish on the cylinder is in good condition showing some flaking around the edges with some scratches and scattered light surface rust. The nickel finish on the frame very good condition showing some scattered light dings and scratches. The blued trigger guard is in fair to good condition showing thinning with some light surface rust. The checkered black plastic grips are in very good condition showing little wear. The action seems to work fine. The Second Model was made from 1896-1908. Includes what may be the original hinged box with a box of vintage Western ammunition. C&R.

- R. 295A. **First of a lot of 2: Iver Johnson Model safety Hammer.** Serial # 10905. .32 S&W caliber double action revolver with a 2" barrel. The bore is good to very good, mostly clean with strong rifling with some light corrosion in the grooves. Third Model variation with the double post barrel latch and 4 cross pins in the frame. The nickel finish on the barrel is in fair to good condition showing muzzle wear with scratches and some scattered light surface rust. The nickel finish on the cylinder is in fair condition showing flaking nickel with scattered scratches and patches of surface rust. The nickel finish on the frame is in fair to good condition showing scattered scratches with scattered light flaking and a covering of light surface rust. The blued trigger guard shows light scratches with light surface rust. The checkered black plastic grips are in good to very good condition showing light wear, no cracks or chips. The action does not work, the action binds up. The Third Model was made from 1909-1941. C&R.
- R. 295B. **Second of a lot of 2: Iver Johnson Model 1900.** Serial # 9604. .32 S&W solid frame 5 shot revolver with a 2-1/2" octagon barrel. The bore is fair, visible rifling with rust and corrosion. The nickel finish on the barrel, frame and cylinder is in fair condition showing large patches of flaking finish with scattered light surface rust. There is heavier rust on the bottom of the butt. The blued metal finish on the trigger guard is worn to bare metal with some older cleaned surface rust. The checkered black plastic grips are in good to very good condition showing little wear. The action works OK. C&R.
- R. 296. **Madison Import Corp. Model 21.** Serial # 347942. .22 LR caliber single action revolver with a 4-3/4" barrel. The bore is excellent. Clean with good rifling. Western style revolver most likely made by H. Schmidt in Germany. The finish on the barrel the fluted cylinder has been cleaned to bare metal showing scattered light surface rust. The finish on the alloy frame and grip frame has been cleaned to bare metal as well showing a dull gray patina with scattered dots of corrosion. The plain hardwood grips may be replacements, they do not fit well and show evidence of attempted fitting. They show light marks with finish wear
297. **Allen & Thurber Model Pepperbox.** Serial # 168. .32 caliber black powder percussion fired double action revolving pepperbox. 3-1/2" fluted barrel cluster with 6 barrels. The bores are very good, no rust. The hammer is not marked while the barrels are marked "Allen & Thurber Worcester". The patent date of 1845 is partially visible. The metal finish on the barrels is a cleaned gray patina with scratches and scattered light surface rust. The engraved nipple shield is screwed to the frame. The engraved frame is a cleaned gray patina with scattered older cleaned surface rust. The walnut grips are in good to very good condition with showing scattered light marks with light finish wear. The action seems to work OK. Worcester marked pepperboxes were made from 1847-1865.
- R. 298. **Harrington & Richardson Automatic Ejecting Third Model.** Serial # 220314. .38 S&W caliber double action top ejecting revolver with a 3-1/4" barrel. The bore is excellent, clean with strong rifling. 5 shot cylinder. The nickel finish on the barrel, cylinder and frame is in fair to good condition, mostly dull with some scattered light surface rust. The blued metal finish on the trigger guard is in very good condition showing some scattered scratches. The checkered black plastic grips are in good condition showing light wear and soiling. The action works fine. This is the Second variation made from 1909 to 1912. C&R.
- R. 299A. **First of a lot of 3: Harrington & Richardson Second Model Hammerless.** Serial # 147101. .38 S&W caliber 5 shot break-top hammerless revolver with a 3-1/4" barrel. The bore is fair to good, dirty with good rifling with some scattered pitting. The nickel finish on the barrel, frame and cylinder is in fair condition. It is dull with edge wear and a covering of light to moderate surface rust. The blued metal finish on the trigger guard is near excellent showing little wear. The checkered rubber target logo grips are missing the right panel and the grip screw. The left panel is in very good condition showing light wear, no cracks or chips. The action works fine. Second Model Large Frame, 4th Variation made from 1913-1915. C&R.

- R. 299B. **Second of a lot of 3: Iver Johnson Model Safety Hammer.** Serial # 140797. .38 S&W caliber double action revolver with a 3-1/4" barrel. The bore is poor with heavy rust. Second Model variation with the double post barrel latch and 2 cross pins in the frame. The nickel finish on the barrel is in poor condition showing large areas of worn nickel at the muzzle and cylinder gap, the finish has a faint greenish tint with a covering of fine rust. The nickel finish on the cylinder is in poor condition, it has mostly flaked off with the underlying metal showing moderate to heavy rust. The nickel finish on the frame is in fair condition showing light flaking at the edges with scattered light surface rust. The finish is also a dull green with a film of dried oil and light surface rust. The blued trigger guard shows light scratches with light surface rust. The checkered black plastic grips are in good to very good condition showing light wear, no cracks or chips. The action does not work. The Third Model was made from 1896-1908. C&R.
- R. 299C. **Third of a lot of 3: Harrington & Richardson Hammerless Bicycle.** Serial # 124390 .32 S&W caliber hammerless top-break revolver with a 2" barrel. The bore is poor with heavy rust. 5 shot cylinder. The nickel finish on the barrel and frame is in poor condition holster wear and a covering of moderate surface rust. The cylinder shows heavy rust with little nickel remaining. The trigger guard is a rusty brown patina. The grips are missing. The action does not work. Second Model made from 1905-1920. C&R.
- R. 300. **DWM Argentine Mauser Model 1909 Cavalry Carbine.** Serial # A9405. 7.65 Argentine caliber bolt action rifle with a 23" barrel. The bore is excellent, clean with strong rifling, there is some light cosmoline. This rifle is the carbine version of the M1909 long rifle. Made by DWM in Germany. The blued metal finish on the barrel and receiver is in good to very good condition showing edge wear with scratches and dried cosmoline. The blued metal finish on the trigger and floor plate are in very good condition showing light edge wear with scratches. The stock and floor plate are matched to the receiver, the bolt is not. The carbine stock and hand guard are in good to very good military condition showing scattered light dings and scratches with finish wear. There is a swivel slot filled on the underside of the butt. Clear Argentine proof/cartouche on the right side of the butt. The action functions fine. Includes a bayonet. C&R.
- R. 301. **Spanish Model M1916 Short Rifle.** Serial # 2659. 7mm Mauser caliber bolt action rifle with a 22" barrel. The bore is fair, mostly clean with good rifling with some corrosion in the grooves. The bolt, floor plate and trigger guard are mis-matched to the receiver, the stock is not numbered. The receiver ring is scrubbed of markings indicating that it was re-furnished during the mid-1930's. Does not appear to be import marked. The blued metal finish on the barrel is in is good condition showing light muzzle wear with dings and scratches. The blued finish on the receiver is in fair to good condition showing edge wear and thinning with a light haze of fine surface rust. The floor plate and trigger guard show dings and scratches with surface rust. The plain hardwood stock and hand guard have been lightly refinished and are in very good condition showing scattered light dings and scratches. Rusty steel butt plate. The cleaning rod is present. The action works fine. C&R.
- R. 302. **Springfield Armory Model 1903.** Serial # 950502. .30-06 caliber bolt action rifle with a 24" barrel. The bore is excellent, clean with strong rifling. The rifle was made in 1918. The S-A barrel is dated 8-18. The black metal finish on the barrel is in very good condition showing little wear. The black metal finish on the receiver is in good condition showing edge wear with thinning and scratches. The black finish on the front sight with hood and the barrel bands shows wear and thinning with scratches. The blued finish on the floor plate/trigger guard shows wear and thinning with scratches and light surface rust. The plain walnut straight grip stock has been lightly refinished and is in very good condition showing some scattered light dings and scratches. There is a Springfield eagle inspection mark on the left side and on the underside forward of the floor plate with a "P" on the underside of the wrist. Original military sights. The action works fine. C&R.

- R. 303. **Winchester Model 52.** Serial # 10171. .22 LR caliber bolt action rifle with a 28" medium contour barrel. The bore is excellent, clean with strong rifling. Detachable magazine. Made in 1928. The blued metal finish on the barrel is in very good condition showing light muzzle wear with scattered light scratches. There are drilled and tapped holes for scope block mounting with scope blocks attached. The blued metal finish on the receiver is in excellent condition showing little wear. The blued metal finish on the barrel band, floor plate and trigger guard shows light edge wear with scratches. There is some finish loss due to older cleaned surface rust on the floor plate/trigger guard. The plain walnut stock has been refinished and is in very good condition showing scattered light marks and scratches. Checkered steel butt plate. Hooded front globe sight with a Lyman aperture sight attached to the receiver. Sling swivels. The action works fine. C&R.
- R. 304. **Ruger Model M77 RSI.** Serial #770-44896. .308 Win. caliber bolt action rifle with an 18-1/2" barrel. The bore is excellent, clean with strong rifling. International model with the full length Mannlicher style stock. Tang safety. Made in 1986. The metal finish on barrel is excellent showing little sign of wear with some fine scratches. The blued metal finish on the receiver is in very good condition showing some light scratches and just a hint of some fine freckling. The finish has taken on a slight plum hue. The black finish on the alloy floor plate has some scrapes and scratches. The checkered walnut full length Mannlicher stock is very good condition showing a few scattered light marks from use. Red rubber factory recoil pad. Integral scope mounts. The action functions fine. Includes a Leupold 2-7x32 scope in the Ruger rings and a leather sling. The finish on the scope has taken on a plum hue.
- R. 305. **Winchester Model 70.** Serial # 107485. .220 Swift caliber bolt action rifle with a 26" medium contour barrel. The bore is excellent, clean with strong rifling. Made in 1949. The matte blued metal finish on the barrel is in very good to excellent condition showing little wear with scuffs and scratches. The matte blue finish on the receiver is in very good to excellent condition as well showing little wear some scattered light scratches. The blued floor plate and trigger guard are in very good condition showing light edge wear with some fine scratches. The checkered walnut stock is in very good condition showing some scattered light scuffs and scratches with light finish wear. Checkered steel butt plate. Original front sight including the hood, the rear sight has been removed and the dovetail filled with a blank. The bolt is matched to the receiver. The action works fine. Includes a Bausch & Lomb 2.5-10x40 scope attached to Weaver style mounts. C&R.
- R. 306. **Parker Bros. Model PH Grade.** Serial # 175810. 12 Ga. double barrel shotgun with 30" Damascus barrels. The bores are excellent, clean and shiny. The barrels are choked Full and Modified. Frame size is 1-1/2 with barrel weight of 3-10. Double triggers with extractors. Made in 1917. The metal finish on the barrels is a brown/silvery patina showing good, strong Damascus pattern with some slight thinning and scattered light surface rust. The metal finish on the lightly engraved receiver is a gray patina with some areas of brown patina along with some spots of older cleaned surface rust. There are traces of case color visible. The checkered walnut stock and forearm are in very good condition showing scattered dings and scratches with finish wear. Non-factory red rubber recoil pad that is loose with an LoP of 13-3/4". The action works fine. C&R.
- R. 307. **EAA-HWM Model EA/R Windicator.** Serial # 650265. .38 Special caliber double action revolver with a 1-3/4" barrel. The bore is excellent, clean with strong rifling. Made by Herman Weihrauch (HWM) in Germany for EAA in 1992. The blued metal finish on the steel barrel and fluted 6 shot cylinder very good condition showing little wear with a few minor marks and virtually no drag line on the cylinder. The black finish on the alloy frame is in very good to excellent condition showing little wear with a few light scuffs. Fixed sights. The checkered black rubber finger groove grips are in excellent condition showing little sign of use. The action works fine. Includes a soft case.
- R. 308. **FEG - C.A.I. Model P9R.** Serial # R70996. 9mm Luger caliber semi auto double action pistol with a 4-3/4" barrel. The bore is excellent, clean with strong rifling. Hungarian made copy of the Browning Hi Power. 10 shot detachable magazine. The gloss blued finish on the steel slide is in excellent condition showing little wear with some fine scratches. The blued finish on the steel frame is excellent as well showing little wear with some fine scratches. The checkered walnut grips are in excellent condition showing little wear. Fixed sights. Slide mounted de-cocker safety. The action works fine. Includes a spare magazine, a cleaning rod and a soft case.

- R. 309. **Colt Model 1903 Pocket Automatic Hammerless.** Serial # 210139. .32 ACP caliber semi auto pistol with a 3-3/4" barrel. The bore is very good, mostly clean with strong rifling and some light fouling in the grooves. Type III pistol without the barrel bushing made in 1916. The detachable magazine is a newer replacement, not the correct 2-tone type. The frame is engraved "Niagara Falls Police Dept." The blued metal finish on the slide is a re-blue and is in very good condition showing light muzzle wear with some scattered scratches and scattered spots of older cleaned surface rust. The blued metal finish on the frame is a re-blue as well and is in very good condition as well showing little wear with some scratches on the front grip strap and light surface rust freckling on the rear grip strap. The checkered black plastic grips are in very good condition showing light wear, there is a small crack in the right panel. The trigger and grip safety are blued. The action works fine. The Model 1903 was made from 1903-1946 with the Type III being made from 1910-1926. C&R.
310. **DWM- Argentine Model M91 Carbine Sporter.** Serial # B4127. 7.65 Argentine caliber bolt action rifle with an 17-1/2" barrel. The bore is very good, clean with good, slightly worn rifling with light fouling in the grooves. This rifle started life and a Cavalry or Engineers Carbine made in 1898 that was subsequently sporterized by discarding the military stock and hand guard and altering the bolt handle. The rifle is mis-matched. The blued metal finish on the barrel and receiver is in good to very good condition showing light edge wear with a covering of light surface rust freckling. The magazine box shows light edge wear, scratches and light rust. The trigger guard shows wear and thinning with scratches. The receiver crest is intact. The plain walnut Fajen sporter stock is in very good condition showing little wear with a few scattered light dings on the butt. Plastic butt plate. The action functions fine.
- R. 311. **Amberg Model GEW 98 Mauser Sporter.** Serial # 6552s. 8x57mm Mauser caliber bolt action rifle with a 24" barrel. The bore is good, mostly clean with good rifling with some frosting/fouling in the grooves. The rifle started life as a WWI era German military rifle made at the Amberg arsenal in 1916 and subsequently sporterized by shortening the military stock, discarding the handguard, sights and barrel bands, shortening the barrel, altering the bolt handle and changing the safety. The action was then placed into a sporter stock and sporting sights added. The blued metal finish on the barrel, receiver and floorplate/trigger guard is in good condition showing little wear with thinning and light scratches with a patch of finish loss where the rear sight was removed. The receiver has been drilled and tapped for scope mounting. The numbers are mis-matched. The shortened walnut stock has been refinished and a contrasting red marbled bakelite nosepiece added. It is in good condition showing scattered dings and scratches. An 8mm cartridge base has been inlaid into the butt. Thin red recoil pad. The action works fine. Includes a Tasco Pronghorn 3-9x32 scope and a leather sling. C&R.
- R. 312. **Mossberg Model No. 45CA.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Full length tubular magazine. The blued metal finish on the barrel is in fair condition; it is turning brown with thinning, muzzle wear, scratches and light surface rust. The blued metal finish on the receiver is in fair condition showing edge wear and light freckling with a large patch of finish loss associated with 2 plugged scope mount holes on the left side. The plain hardwood stock is in very good condition showing some scattered light marks, scratches and light finish wear. Original front and rear sights. Original swivels. The action works fine. Includes a Bushnell Scopechief 3-8x20 scope mounted to a rail. The 45 series was made from 1935-1940 with the CA made in 1939-1039 only. C&R.
- R. 313. **Remington Model Nylon 12.** Serial # NSN. .22 Sh-L-LR caliber bolt action rifle with a 24" barrel. The bore is excellent, clean with strong rifling. Made in 1964. 19½" barrel with an excellent bore. Part of the "Nylon Series", this bolt action features a brown nylon stock and a 15 shot tubular magazine. The blued metal finish on the barrel and magazine tube is in good condition showing a few light scuffs/scratches with a covering of very light surface rust. The blued metal finish on the grooved receiver is in good to very good condition showing little wear with a light haze of fine surface rust. The brown nylon stock is in very good condition with some light scuffs and scratches. Original front and rear sights. The action works fine. Total production was 27,551 between 1962 and 1964, the 24" barrel was available in 1964 only. C&R.

- R. 314. **Smith & Wesson Model Chiefs Special.** Serial # 34010. .38 Special caliber double action revolver with a 1-7/8" barrel. The bore is excellent, clean with strong rifling. 5 shot cylinder. Pre-Model 36 with a round butt and a flat cylinder latch made c. 1954. The satin blued metal finish on the barrel, cylinder and frame is a re-blue and is in very good condition showing little wear with a few light scuffs. There is a faint drag line on the cylinder. There is some evidence of buffing. The textured black rubber Hogue finger groove grips are in very good condition showing light wear. The action works fine. C&R.
- R. 315. **Taurus Model PT-22.** Serial # AOF69054. .22 LR caliber semi auto pistol with a 2¼" tip-up barrel. The bore is excellent, mostly clean with some light fouling. 9 round detachable magazine. The satin nickel finish on the barrel and slide is in very good to excellent condition showing little wear with some minor marks from use. The satin nickel finish on the alloy frame is in excellent condition showing little sign of use. The checkered rosewood grips are in very good to excellent condition showing little sign of use. The action works fine. Includes the original plastic case with the instructions.
- R. 316. **Bryco Arms Model Jennings Nine.** Serial # 1517648. 9mm Luger caliber semi auto pistol with a 3-3/4" barrel. The bore is excellent, clean and shiny. 10 round detachable magazine. The matte black finish on the slide and alloy frame is in very good to excellent condition showing little wear with a few light scuffs/scratches. The grooved black plastic grips are in excellent condition with only slight wear. Adjustable sights. The action works fine. Includes the box, no instructions, and a gun lock.
- R. 317. **Steyr Model M95 Carbine.** Serial # 6723J. 8x56R caliber straight pull bolt action rifle with a 20" barrel. The bore is excellent, clean with strong rifling. The receiver is marked Steyr M95. The chamber is "S" marked indicating it was converted from 8x50R to 8x56R. The barrel is marked with a Circle T and proofed Wn-37 indicating that the barrel was replaced in 1937. The barrel, receiver and stock are matched, the bolt is numbered to a second number stamped on the receiver. The metal finish on the barrel, receiver and magazine is mostly a speckled brownish patina with thinning and scratches with muzzle wear. The walnut stock and hand guard are in very good military condition showing scattered light dings and scratches, no cracks, repairs or major damage. Steel butt plate. The action works fine. Used by several nations during WWI. Produced from 1896 until 1920. C&R.
- R. 318. **Yugoslavian Model K98 Mauser.** Serial # M5384. 8mm Mauser caliber bolt action rifle with a 23-1/2" barrel. The bore is very good to excellent, mostly clean with strong rifling with some light fouling. This is one of the many post-war Mausers made by Yugoslavia from captured German parts. The receiver shows remnant BNZ/43 markings over-stamped by the Yugoslavian crest. The bolt and stock are numbered to the rifle, the floor plate is mis-matched. The rifle does not appear to be import marked. The blued arsenal type finish on the barrel and receiver is in good condition showing edge wear and thinning with scuffs and scratches from use. The receiver has taken on a plum hue. The milled trigger guard shows edge wear and thinning with light scratches. The laminated wood military stock and hand guard are in very good condition showing some scattered marks and dings from use. Original military sights including the front sight hood. The cleaning rod is present. The action works fine. C&R.
- R. 319. **Steyr Model M95 Carbine.** Serial # 7367Z. 8x56R caliber straight pull bolt action rifle with a 20" barrel. The bore is good to very good, mostly clean with strong rifling with some frosting in the grooves. The receiver is marked Budapest M95 indicating Hungarian service. The chamber is "S" marked indicating it was converted from 8x50R to 8x56R. The barrel is proofed Bp-18 indicating that it was made in 1918. The barrel is matched to the receiver, the bolt and stock are mis-matched. The metal finish on the barrel, receiver, barrel bands and magazine shows heavy wear with little finish remaining. The walnut stock and hand guard are in good military condition showing numerous scattered dings and scratches, no cracks, repairs or major damage. Steel butt plate. The action works fine. Used by several nations during WWI. Produced from 1896 until 1920. C&R.

- R. 320. **Ruger Old Model Bearcat.** Serial # 54504. .22 LR caliber single action revolver with a 4" barrel. The bore is excellent, clean with strong rifling. Made in 1965. 6 shot cylinder. The action has not been converted to the newer transfer bar ignition system. The metal finish on the barrel and the engraved cylinder shows heavy wear with little to no original finish remaining with a haze of light surface rust. The black metal finish on the alloy frame is in fair condition, it looks like it was painted black and shows some light edge wear and scratches showing little sign of use. The brass colored trigger guard is in very good condition showing slight thinning with some light scratches. The smooth walnut grips are in fair condition showing scattered light dings with finish wear; the right panel has been cracked and repaired. Fixed sights. The action works fine. C&R.
- 321A. **First of a lot of 2: Bacon Arms Model Pioneer Spur Trigger Revolver.** Serial # 333. .32 RF caliber single action spur trigger revolver with a 2-1/2" octagon barrel. The bore is poor with rust and corrosion. The nickel finish on the barrel, cylinder and frame is in fair condition showing scattered light flaking with scattered spots of surface rust; the nickel has a slight greenish tint. The original hard rubber grips are in good condition showing light wear with soiling. The action does not work properly.
- 321B. **Second of a lot of 2: Unknown Maker Model Spur Trigger Revolver.** Serial # 329. .22 RF caliber single action spur trigger revolver with a 2-1/4" barrel. The bore is poor with rust and corrosion. The nickel finish on the barrel, cylinder and frame is in fair condition showing scattered light flaking with dulling and scattered spots of surface rust. The revolver has a covering of light surface rust. The original hardwood grips are in good condition showing light marks with finish wear. The action does not work properly.
- R. 322A. **First of a lot of 3: Iver Johnson Model safety Hammer.** Serial # F42151. .32 S&W caliber double action revolver with a 3" barrel. The bore is poor with rust and corrosion. Second Model variation with the double post barrel latch and 2 cross pins in the frame. The nickel finish on the barrel, frame and cylinder is in fair condition showing dulling with a green tint. There are patches of heavy rust on the barrel. The checkered black plastic grips are in good to very good condition showing light wear, no cracks or chips. The action does not work. The Second Model was made from 1896-1908. C&R.
- 322B. **Second of a lot of 3: Iver Johnson Model safety Hammer.** Serial # 41852. .38 S&W caliber double action revolver with a 3-1/4" barrel. The bore is poor with heavy rust. First Model variation with the single post barrel latch and 2 cross pins in the frame. The nickel finish on the barrel, frame and cylinder is in fair condition showing dulling with a covering of moderate surface rust. The checkered black plastic grips are in good to very good condition showing light wear, no cracks or chips. The action works OK. The First Model was made from 1894-1895. C&R.
- R. 322C. **Third of a lot of 3: Iver Johnson Model safety Hammer.** Serial # C46950. .38 S&W caliber double action revolver with a 3-1/4" barrel. The bore is poor with rust and corrosion. Second Model variation with the double post barrel latch and 2 cross pins in the frame. The nickel finish on the barrel, frame and cylinder is in fair condition showing flaking nickel on the barrel at the cylinder gap along with a covering of light to moderate rust. The checkered black plastic grips are in good to very good condition showing light wear, no cracks or chips. The action works fine. The Second Model was made from 1896-1908. C&R.
- R. 323A. **First of a lot of 3: Hopkins & Allen Model Top-Break Revolver.** Serial # 5841. .32 S&W top-break revolver with a 3-1/4" barrel. The bore is poor with corrosion and pitting. 6 shot cylinder. The nickel finish on the barrel, cylinder and frame is in fair to good condition showing patches of flaked nickel, mainly on the right side. The exposed metal is turning brown. The checkered black plastic grips are in very good condition showing little wear, no cracks or chips. The action works fine. C&R.

- 323B. **Second of a lot of 3: Forehand Arms Co. Model Double Action.** Serial # 51511. .32 S&W caliber double action solid frame revolver with a 2-1/2" barrel. The bore is poor with rust and corrosion. The nickel finish on the barrel, frame and cylinder is in poor condition showing heavy rust with little original nickel remaining. The checkered black rubber F&W logo grips re in good to very good condition showing light wear with light soiling, no cracks or chips. The action works OK.
- R. 323C. **Third of a lot of 3: Hopkins & Allen Model Top-Break Revolver.** Serial # A7746. .38 S&W top-break revolver with a 3-1/4" barrel. The bore is fair, mostly clean with slight roughness. 5 shot cylinder. The nickel finish on the barrel, cylinder and frame is in poor condition showing heavy rust with little nickel finish remaining. The checkered black plastic grips are in poor condition showing heavy wear, they do not fit well. The action works, but is stiff and sluggish. C&R.
- R. 324. **Auto - Ordnance Corp. Model 1927-A1.** Serial # 25313. .45 ACP caliber semi auto rifle with a 19½" finned barrel with a compensator. The bore is excellent, clean and shiny with strong rifling. The receiver is cut for both stick magazines and drum magazines. This is the semi-auto version of the iconic Thompson Submachine Gun. The blued finish on the barrel and compensator is in very good condition showing little wear with some light rust between some of the barrel fins along with some light scratches. The blued metal finish on the receiver and trigger group is in very good condition as well showing slight thinning with some light scuffs and scratches. The oil finished plain walnut butt stock, pistol grip, and forearm grip are in good to very condition showing scattered light dings, scuffs and scratches with finish wear. Adjustable ladder rear sight. The action works fine. Includes two 30 round stick magazines.
- R. 325. **Remington Model 1889.** Serial; # 216205. 12 Ga. double barreled hammer fired shotgun with 30" Damascus barrels. The bores are excellent, clean and shiny. The bores are both choked Imp. Mod. The chambers are 2-9/16". Made after 1900. The metal finish on the barrels is a gray-brown patina showing good Damascus pattern with thinning at the muzzle and at the chamber end along with some scattered spots of light surface rust. The frame is a gray patina with traces of case color visible. The hammers show traces of case color. The checkered walnut forearm with ebony tip is in very good condition showing little wear with some light marks. The matching checkered walnut butt stock is in very good condition as well showing some scattered light marks, no cracks. Original butt plate. The action works fine. Made from 1889-1908. C&R.
326. **Forehand & Wadsworth Model Side Hammer Single.** Serial # 34277. Antique 12 Ga single shot hammer fired shotgun with a 32" barrel. The bore is poor with heavy pitting. The barrel is marked "Fine De-Carbonized Steel". The metal finish on the barrel is a rusty dark brown patina. The nickel finish on the receiver is in poor condition showing heavy wear with large patches of heavy rust. The plain walnut forearm has been lightly refinished is in good condition with some marks from use. The plain walnut butt stock is in good condition showing scattered dings and scratches with finish wear and scattered cleaned milder stains. Rusty steel butt plate. The action seems to work OK. There is quite a bit of play in the barrel to frame lock-up. Made from 1881-1895. This gun was made prior to 1890 when Forehand & Wadsworth changed names to Forehand Arms.
- R. 327. **Remington Model 510.** Serial # NSN. .22 Sh-L-LR caliber bolt action single shot rifle with a 25" barrel. The bore is generally very good with some rust at the chamber end which mostly cleaned up with strong rifling. Made in 1947. The metal finish on the barrel and receiver is a dull gray patina with scattered pitting. The plain walnut stock has had extra finish added and is in very good condition showing little wear with a few minor marks. Plastic butt plate. Original front and rear sights. The action works fine. Made from 1939-1962. C&R.

- R. 328. **Remington Model 700.** Serial # A6233615. .222 Rem. caliber bolt action rifle with a 24" barrel. The bore is very good to excellent, mostly clean with strong rifling; there is some light rust at the extreme muzzle end. Made in 1975. Looks like a BDL with an aftermarket maple stock. Hinged floor plate. The blued metal finish on the barrel is in very good condition showing little wear with scattered light scratches and just a hint of some widely scattered light freckling. The blued finish on the receiver is in very good to excellent condition showing little wear. The trigger guard shows some light marks from use. The plain maple stock with a contrasting nose piece and grip cap is in very good to excellent condition showing little wear with some minor marks from use. Brown rubber recoil pad. The front and rear sights have been removed. The action works fine. Includes a Simmons Prohunter 4-12x40 scope with Burris mounts and a leather sling.
- R. 329. **Winchester Model 67A.** Serial # NSN. .22 Sh-L-LR caliber manually cocked bolt action single shot rifle with a 27" barrel. The bore is excellent, clean with strong rifling. The metal finish on the barrel/receiver is a dull grayish brown patina that looks like an older cold blue. The chrome finish on the bolt is in very good condition showing some light marks. The steel trigger guard shows edge wear, scratches and light surface rust. The plain walnut stock has had extra finish added and is in very good condition showing some minor marks from use. Plastic butt plate. Original front and rear sights. The action works fine. Made from 1934 to 1963. C&R.
- R. 330. **Springfield Armory Model 1903.** Serial # 908429. .30-06 caliber bolt action rifle with a 24" barrel. The bore is very, clean with strong, slightly worn rifling. The rifle was made in 1918. The S-A barrel is dated 8-18. The black metal finish on the barrel is in very good condition showing little wear. The black metal finish on the receiver is in fair condition showing wear and thinning with a covering of light surface rust. The barrel bands, floor plate, trigger guard and butt plate are rusty brown patina. The plain straight grip walnut stock with a finger groove is in fair to good condition showing numerous dents, dings and scratches with finish wear. There are no markings on the stock. Original military sights. The action works fine. C&R.
- R. 331. **German BYF (Mauser) Model K98.** Serial # 8239v. 8mm Mauser bolt action rifle with a 23-1/2" barrel. The bore is excellent, clean with strong rifling. The receiver dated 1941. The blued metal finish on the barrel, receiver and barrel bands is in fair condition showing edge wear and thinning with a covering of light to moderate surface rust. The stamped floor plate/trigger guard shows wear and thinning with scratches. The laminated stock with the cupped butt plate is numbered on the left side and does not match the receiver. It is in very good condition showing some scattered light dings and scratches. Original military sights, the front hood is missing. Other than the floor plate/trigger guard, the rifle is completely mis-matched. The action works fine. Include the cleaning rod, a muzzle cover and a leather sling. C&R.
- 332A. **First of a lot of 2: Smith & Wesson Model .38 Safety Hammerless.** Serial # 20597. .38 S&W caliber double action hammerless revolver with a 3-1/4" barrel. The bore is fair, mostly clean with light pitting and slight roughness. Also known as the New Departure. Made c. 1888. The nickel finish on the barrel, frame and cylinder is in fair condition; it may have been re-nickled long ago, there is underlying roughness with flaking finish and scattered spots of surface rust. The checkered black plastic grips are in fair condition showing light wear, the right panel has been cracked and repaired. The action works fine.
- 332B. **Second of a lot of 2: Smith & Wesson Model .32 Double Action.** Serial # 92508. .32 S&W caliber double action top-break revolver with a 3-1/2" barrel. The bore is good to very good, mostly clean with patches of light pitting. 4th Model made c. 1888. 5 shot fluted cylinder. The nickel finish on the barrel, frame and cylinder is in fair condition, it has been aggressively cleaned showing dulling, scratches and scattered dark spots of older cleaned surface rust. The hammer and trigger show traces of case color. The checkered black plastic grips are in good condition showing moderate wear, no cracks or chips. The action works fine. The 4th Model was made from 1883-1909.

- R. 333A. **First of a lot of 3: US Revolver Model safety Hammer.** Serial # 5910. .32 S&W caliber top-break revolver with a 3” barrel. The bore is good, mostly clean with good rifling and some light pitting. The nickel finish on the barrel, frame and cylinder is in fair condition showing patches of flaking nickel which have rusted. The blued trigger guard shows thinning and scratches with moderate surface rust. The checkered black plastic grips are in fair condition showing light wear and soiling, there is a chip out of the bottom of the right panel. The action works OK. C&R.
- 333B. **Second of a lot of 3: Iver Johnson Model American Bulldog.** Serial # 7489. .32 S&W caliber solid frame double action revolver with a 2-1/2” octagon barrel. The bore is very good, mostly clean with strong rifling, no pitting. The nickel finish on the barrel, frame and cylinder is in fair condition showing dulling with a covering of light to moderate surface rust. The nickel trigger guard has a patch of rust. The black gutt percha grips with an embossed eagle are in very good condition showing little wear, no cracks or chips. The action works fine. Second Model made from 1882-1899.
- 333C. **Third of a lot of 3: Harrington & Richardson Model Bulldog.** Serial # 22. .32 RF caliber double action solid frame revolver with a 2-1/2” octagon barrel. The bore is poor with rust and corrosion. 5 shot cylinder. The nickel finish on the barrel, frame and cylinder is in fair condition showing dulling with a covering of light to moderate surface rust. The nickel trigger guard shows heavier rust. The black checkered plastic grips are in very good condition showing little wear. No cracks or chips. The action works fine. First Model 3<sup>rd</sup> Variation made from 1888-1897.
- R. 334A. **First of a lot of 3: Harrington & Richardson Model Premier.** Serial # 415705. .32 S&W caliber top-break revolver with a 3” barrel. The bore is poor with rust and corrosion. 5 shot cylinder. The nickel finish on the barrel, frame and cylinder is in fair condition showing dulling with a covering of light to moderate surface rust. The blued trigger guard is heavily worn and turning slightly brown. The checkered black plastic grips are in fair condition showing wear and light soiling; there is a chip out of the bottom of the right panel. The action works OK, it is a bit sluggish. Second Model, Third Variation made from 1909-1913. C&R.
- R. 334B. **Second of a lot of 3: : Harrington & Richardson Model Premier.** Serial # 5427. .32 S&W caliber top-break revolver with a 3” barrel. The bore is very good, mostly clean with strong rifling with a small patch of roughness. 5 shot cylinder. The nickel finish on the barrel, frame and cylinder is in good to very good condition showing slight dulling with scattered light surface rust. The blued trigger guard shows older cleaned surface rust with scratches. The checkered black plastic grips are in fair condition showing light wear and light soiling; there is a crack in the top of the left panel. The action works OK. First Model, 4th Variation made from 1899-1903. C&R.
- R. 334C. **Third of a lot of 3: Harrington & Richardson Model Premier.** Serial # 3725. .32 S&W caliber top-break revolver with a 3” barrel. The bore is good, mostly clean with good rifling and some frosting in the grooves. 5 shot cylinder. The blued metal finish on the barrel, frame and cylinder is in fair to good condition edge wear with scratches and scattered light surface rust. The checkered black plastic grips are in fair condition showing little wear, the left panel has been broken into several pice and repaired. The action does not work properly, the trigger return spring is broken. First Model, 4th Variation made from 1899-1903. C&R.

335. **CVA Model Buckhorn Magnum.** Serial # 61-13-191711-04. .50 caliber black powder muzzle loading inline rifle with a 24” round barrel. The bore is excellent, clean with strong rifling. Made in Spain. Uses 209 shotgun primers for ignition. Fires from the open bolt. The blued metal finish on the barrel and receiver is in excellent condition showing little wear with some light scuffs; there is just a hint of some light rust at the muzzle. The black synthetic stock with textured gripping panels is in excellent condition showing little sign of use. Black rubber recoil pad. Fiber optic front and rear sights. The action works fine. Includes original box with the instructions and a breech tool and the ramrod.

### **Gun Registration Information**

All guns with an “R” before the number must be registered. Licensed dealers must have a **current copy of their FFL signed in ink** in our files. No modern long guns sold to anyone under the age of 18, nor modern hand guns to anyone under 21. No hand guns sold to out of state residents who are not dealers. Residents of states requiring a purchase permit to buy long guns (I.E. New Jersey, etc.) must furnish this permit. Persons of Curio & Relic License (except New Jersey) may only purchase firearms listed as such by the B.A.T.F. and must provide a signed copy of that license. The purchaser pays any and all registration fees.

Your interpretation of “excellent”, “very good”, “good”, etc. may be very different than ours, when it comes to the description of the guns. **You** are the final judge of condition before you buy. Please examine any item you are interested in very carefully and decide, before you bid, if it is as you expected. **Always** have a gunsmith check a gun you purchased for possible defects. We **do not** warrant any gun to be in firing condition. If you see any glaring mistakes in the catalog description of the guns, please inform us of the error prior to the start of the sale. This will allow us to let other buyers know of the correction before any items are sold.

Federal law requires any firearm, made after 1898, to be registered. Even though the gun looks like an antique, we need proof it was made before 1898 before we can give it to you without registration. Since documentation of guns made by many obscure manufacturers is difficult and time consuming, we may, sometimes, incorrectly register a gun that may be an antique. We regret this error but in the case of a Federally licensed dealer, it’s better safe than sorry.

Thanks for your consideration and enjoy the auction!

**Accessories  
November 23<sup>rd</sup>, 2024 Gun Sale**

**Authenticity of any the following collectibles and ammunition is un-verified.  
They are believed to be correct but please be sure you are satisfied before you bid.  
Caveat Emptor!**

350. (5 lbs.) Hodgdon Trail Boss smokeless powder – full can.
351. (50 Rounds) Dominican Republic 1955 50cal. incendiary ammunition.
