- 1. Springfield Armory Model 1903 Sporter.** Serial # 1354683. .30-06 caliber bolt action rifle with a 24" barrel. The bore is very good, mostly clean with strong rifling and some light fouling. The receiver started life as a pre-WWII era military rifle made in 1930. The SA barrel is dated 6-30. The rifle has been sporterized by cutting down the stock and discarding the hand guard and barrel bands. It retains its original barrel and military sights. The metal finish on the barrel is a dull gray patina with older cleaned surface rust. The arsenal type finish on the receiver is in good condition showing edge wear and thinning with scratches. The blued metal finish on the floor plate is very good showing light freckling; the trigger guard shows heavy wear. The cut down military stock is in very good condition showing light marks with light finish wear. Non-factory brown rubber recoil pad. Sling swivels added. The action works fine. C&R.
  - 2. Sharps New Model 1863 Carbine Cartridge Conversion.** Serial # C,19162. .50-70 CF caliber single shot Carbine with 22" 3 groove barrel. The bore is fair, mostly clean with visible rifling with pitting and corrosion in the grooves. This was a Civil War era .52 caliber rimfire carbine that was converted to center fire after the war. The metal finish on the barrel has been aggressively cleaned to a silvery patina older remnant rust, dings and pitting. The receiver, lock plate and hammer are a gray patina with patches of older cleaned surface rust. The lever is a worn brown patina. Steel barrel band. The walnut stock and forearm are in very good condition showing dings, scratches and finish wear. No cartouches visible. The saddle bar and ring are present. Ladder rear sight. The receiver markings are legible; the barrel markings are not. The action works fine; the hammer holds on half and full cock with strong spring action. Please see the picture to get a better idea of the description.
  - 3. British Enfield Model Enfield Snider Mk II\*\* Rifle.** Serial # NSN. .577 Snider caliber single shot rifle with a 36½" barrel. The bore is poor, dirty with pitting. #### **Gun Registration Information**

All guns with an "R" before the number must be registered. Licensed dealers must have a **current copy of their FFL signed in ink** in our files. No modern long guns sold to anyone under the age of 18, nor modern hand guns to anyone under 21. No hand guns sold to out of state residents who are not dealers. Residents of states requiring a purchase permit to buy long guns (I.E. New Jersey, etc.) must furnish this permit. Persons of Curio & Relic License (except New Jersey) may only purchase firearms listed as such by the B.A.T.F. and must provide a signed copy of that license. The purchaser pays any and all registration fees.

Your interpretation of "excellent", "very good", "good", etc. may be very different than ours, when it comes to the description of the guns. **You** are the final judge of condition before you buy. Please examine any item you are interested in very carefully and decide, before you bid, if it is as you expected. **Always** have a gunsmith check a gun you purchased for possible defects.

We **do not** warrant any gun to be in firing condition. If you see any glaring mistakes in the catalog description of the guns, please inform us of the error prior to the start of the sale. This will allow us to let other buyers know of the correction before any items are sold.

Federal law requires any firearm, made after 1898, to be registered. Even though the gun looks like an antique, we need proof it was made before 1898 before we can give it to you without registration. Since documentation of guns made by many obscure manufacturers is difficult and time consuming, we may, sometimes, incorrectly register a gun that may be an antique. We regret this error but in the case of a Federally licensed dealer, it's better safe than sorry.

Thanks for your consideration and enjoy the auction!
